

PART I. CHARTER AND RELATED LAWS

ARTICLE 1. IN GENERAL

Sec. 1. Taxing District of Shelby County created.

The several communities embraced in the territorial limits of the municipal corporations in this state as have been, or may have their charters abolished, or as may surrender the same under the provisions of this Act, are hereby created taxing districts, in order to provide the means of local government for the peace, safety and general welfare of such districts. (Acts 1879, ch. 11, § 1)

Sec. 2. Name of city restored.

Styles and names of all communities and places in the territorial limits of such municipal corporations whose inhabitants was over 35,000 by the Federal Census of 1870, or may be by any subsequent Federal Census, and whose charters were repealed, and which said territory and inhabitants were organized under the name and style of the taxing district under the Acts of Tennessee passed January 29, 1879, and approved January 31, 1879, Acts 1879, chapters 10 and 11, pages 13 and 15, and amendatory Acts thereto, are hereby changed to the names such cities had prior to the repeal of their respective charters.

Wherever in said Acts of January 29, 1879, and Acts amendatory thereof, as above stated, the words "Taxing District" appear, said words, when referring to the names of the municipality, shall be eliminated and omitted, and the names that existed prior to the repeal of such charters be substituted therefor, and the said Acts are hereby amended accordingly. (Acts 1891, ch. 229, §§ 1, 2)

Editor's note—Since the taxing district had a population of more than 35,000 under the Federal Census of 1870, this section restored the name of "City of Memphis," which was the name of the municipal corporation whose Charter was repealed by Acts 1879, Chapter 10.

A proclamation of W. L. Clapp, President of the City of Memphis, dated April 13, 1891, declares that under the Act approved March 30, 1891, the Legislative Council of the Taxing District of Shelby County did, by resolution dated April 9, 1891, resolve to change the name and style of the municipality from the "Taxing District" to the "City of Memphis," and he, by said proclamation, gave notice accordingly of the change of name.

In accord with this section, the term "taxing district" has been changed to "city" throughout this compilation

In order to assure that districts shall at all times be as equal in population as practicable, revisions, changes or eliminations shall be made and new districts created; however, there shall be no more than seven (7) districts as heretofore set forth.

Whenever the Council of the City of Memphis finds that territory or territories have been annexed to the City more than one year prior to the next regular city election and that the total number of registered voters in said annexed territory or territories exceeds the total number of registered voters in the council district with the smallest number of registered voters, then and only in that event the registered voters in the newly annexed territory or territories shall elect a person to become a temporary City Councilman from said territory or territories until the installation of the next duly elected thirteen member City Council with the rights and compensation as members of the City Council. The qualifications for such candidates for such temporary Council seat shall be the same as those for regular council seats from Council districts except that the candidates for temporary Councilman shall have resided during the five years next preceding his or her election in said territory or territories recently annexed. The first election for said temporary Council seat shall be at the next general election after the ratification of the Charter amendment and thereafter at the next general election after the Council finds that an annexation calling for the election of a temporary Councilman has occurred.

In the event it is necessary to have a run-off as provided in the Amendment to the Home Rule Charter of the City of Memphis, Tennessee, being Ordinance 1794, as adopted at an election held November 5, 1968*, the provisions of said amendment to the Charter shall be applicable.

Comment [rsl8]: I deleted "[section 26 hereof]" as section 26 was superseded by § 1, paragraph 3 of the POP charter.

Editor's note—Ord. No. 1865, enacted September 6, 1966, approved at referendum election held November 3, 1966, amended the charter by changing the date of municipal election to the first Thursday following the first Tuesday in October, beginning October, 1967. For amendment see Ord. No. 1865 set out in full under "Home Rule Amendment" of this volume.

Comment [rsl9]: This subsection was in the existing charter. It is showing up as an insertion because I deleted its language from one part of the section and moved it here.

Sec. 7. Reserved.

Editor's note—Section 7, relating to the qualifications for women voters, was derived from Public Acts 1919, Chapter 139, and was not a special act relating to the city. It has been omitted from this compilation.

(Acts 1879, ch. 11, § 5; Acts 1881, ch. 96, § 7)

Editor's note—The 1881 Act recites that it amends § 6 of Acts 1879, Ch. 11. However, § 6 relates to a different subject and the amendment was treated as applying to § 5, which relates to firemen and policemen.

Cross references—Similar provisions, § 66; policemen and firemen generally, §§ 63—83; 84—94.

ARTICLE 3. SUITS AGAINST CITY FOR DAMAGES

(Acts 1879, ch. 11, § 12)

Annotations—In *Meriwether vs. Garrett*, 102 U. S. 472 (1880), it was held that public property held by the city for governmental purposes cannot be subjected to the payment of its debts, but a creditor of the city may proceed by mandamus against the municipal authorities to compel them to levy the necessary tax for the payment of a debt.

In *Gas Light Co. vs. Memphis*, 9 Pickle 612, it was held that where a specific tax is levied and collected for the purpose of furnishing gas to the city, under an agreement of the Gas Co. to receive the proceeds of said tax in payment therefor the city is liable as an express trustee.

Code reference—Mayor generally, Ch. 2-6.

Comment [rs13]: Only three sections in this Article mention the mayor. The first two are: Sec. 28 (vacating office), and Sec. 30 (salary). I suggest we move those two sections to Article 6, Mayor. The third, Sec. 33, “Authority of mayor and council to request information,” should remain in this article.

Comment [rs14]: Section 1, paragraph 1 of POP charter.

Sec. 17. Eligibility of previous office holders.

No person shall be ineligible to said office because of having heretofore held said office. (Acts 1909, ch. 298, § 2)

(a) No council member shall be connected with or interested in, directly or indirectly, any contract with the city.

Comment [rsl23]: Ord. No. 5001, July 6, 2003.

Sec. 27. Vacancy in office generally.

(Acts 1909, ch. 298, § 18; Priv. Acts 1937, ch. 122, § 4; Priv. Acts 1939, ch. 173, § 4)

Removal of residence by a council member from the City of Memphis shall constitute a vacancy on the Council, but removal from one council district to another shall not constitute such vacancy. Upon any vacancy occurring in the Council, including a vacancy in the office of Chairman, by reason of death, resignation, removal or otherwise, the remaining members of the Council shall have the power by a majority vote to elect a person to fill such vacancy and to serve until his successor is elected and qualified. Said vacancy shall be filled as soon as possible and within a period not to exceed thirty (30) days thereafter. Such elected member shall possess the requisite qualifications for membership for that particular position on the Council, including the requirement that he or she be a resident of said district from which he or she is elected and shall take office immediately upon election and hold said office until his or her successor is elected and qualified. A successor shall be elected to fill out the remainder of the term of the Councilman whose seat was vacated in the same manner as provided in Sec. 29, except that such special municipal election shall be held on the date of the next regular August or November election. In the event a person elected as council member shall be absent from duty without proper and reasonable explanation therefor being made for a period of ninety (90) days, his or her said office shall be declared vacated and said vacancy shall be filled as herein provided.

Sec. 29. Special election to fill vacancy.

Upon any vacancy hereafter occurring in the city council of said City of Memphis, by death, resignation, removal, or otherwise, such vacancy shall be filled as now provided by law, but the person so chosen to fill said vacancy shall hold said office only until his successor shall be elected and qualified; and the proper authorities shall hold a special municipal election on the date of the next regular August or November election, at which special municipal election, to be participated in by the qualified voters of said city, there shall be elected a successor to the council member chosen to fill said vacancy; provided, that the person so chosen may be a candidate for said office at said special municipal

election. The person elected as council member in said special municipal election, upon his qualification shall hold office for the remainder of the unexpired term of the council member whose office was originally vacated, that is to say, until the qualification of his successor to be elected at the next regular municipal election of mayor and commissioners of said city. (Priv. Acts 1917, ch. 190)

Editor's note—Identically the same act was passed March 14, 1917, being Priv. Acts 1917, Ch. 182, the only exception being that the word “resignation” as a cause of vacancy occurring, is omitted in said Act. Chapter 190 was House Bill 377, was passed March 8, 1917, and approved March 21, 1917. Chapter 182 was Senate Bill 217, was passed March 14, 1917, and approved March 20, 1917. Since Chapter 190 is the broader of the two acts, it is set forth in the text.

As originally enacted, the above section also prescribed the salary of the city tax assessor and of the city court judges. These provisions have been omitted as superseded by subsequent acts compiled herein as sections 203 and 254.

Ord. No. 1509, adopted June 8, 1965, approved at referendum election held August 4, 1966, amended the charter by authorizing the mayor and board of commissioners to fix by ordinance the salaries of the mayor and commissioners and all other elected and/or appointed city officials. The commission shall cause proper record to be kept of its proceedings. (Priv. Acts 1921, ch. 162, § 3)

Sec. 100. Duties generally.

It shall be the duty of the city planning commission to collect data and to keep itself informed as to the best practices, and the advancement made generally, in the art of city planning (to the end that it may be qualified), to act on matters that affect the present and future movement of traffic, the convenience, the safety of persons and property, the health, the recreation and the general welfare and amenities and all other needs of the municipality, which are dependent upon the city plan. (Priv. Acts 1921, ch. 162, § 4)

Sec. 101. Duty of city departments to cooperate; interpretation of Act.

It shall be the duty of all city departments to render assistance to the planning commission in the way of information, advice and cooperation. However, it is not intended to supplant nor impair the power of any existing board, bureau or commission already in existence and operating under Charter provisions and ordinances, except that matters coming within the purview of the planning commission shall be referred to that body, to the end that there shall be a proper correlation of thought and the furtherance of comprehensive plans for all betterments carried out by the city. (Priv. Acts 1921, ch. 162, § 5)

Sec. 102. Plans and maps; preservation of historical land marks; location of works of art, etc.

It shall be within the further powers and dealings of the commission to make plans and maps of the whole or any portion of the municipality or any land outside the municipality, which in the opinion of the commission bears a relation to the planning of the municipality, and to make changes in such plans or maps when it deems same advisable. Such plans shall show the commission's recommendations for any streets, alleys, ways, viaducts, bridges, subways, railroads, terminals, transit lines, parkways, parks, playgrounds or any other public grounds or public improvements, and the removal, relocation, widening or extension of such public work then existing. The commission shall have authority to recommend provisions for the preservation and care of historical landmarks, control in the manner provided by ordinance the design and location of statuary and other works of art which are, or may become, the property of the municipality, and the removal, relocation and alteration of such works belonging to the municipality, and the design and location of harbors, bridges, viaducts, street fixtures, and other public structures and appurtenances. (Priv. Acts 1921, ch. 162, § 6)

Cross reference—Authority of council to acquire historical sites, § 867.5.

Sec. 103. Approval of commission required for construction of public improvements, etc.; procedure in case of disapproval; recommendations.

Whenever the legislative body of the municipality shall have adopted a city plan recommended by the city planning commission, no public buildings, streets, alleys, ways, viaducts, bridges, subways, railroads, terminals, transit lines, parkways, parks, playgrounds, or any other public grounds or public improvement, or part thereof, shall be constructed until and unless the location thereof shall be approved by the city planning commission; provided, however, that in case of its disapproval, the city planning commission shall communicate its reasons for disapproval to the legislative body of the municipality, and thereupon, by majority vote of such legislative body, it shall have the power of overruling such disapproval. The widening, narrowing, ornamentation, vacancies, or change in the use of streets and other public ways, public grounds or other public improvements, appearing on the adopted plan, shall be subject to similar approval by the planning commission and upon disapproval by the planning commission may be similarly overruled.

The planning commission may make recommendations to any public authorities or to any corporations or individuals in such municipality, or in the territory contiguous thereto, concerning relocation of any building, structures or works to be erected or constructed by them. (Priv. Acts 1921, ch. 162, § 7)

Sec. 104. Submission of plans, plots, etc., to commission for approval.

All plans, plots or replots of lands laid out in building lots, into streets, alleys or other portions of the same, intended to be dedicated to public use, or for the use of purchasers or owners of lots fronting on or adjoining and located within the corporate limits of the municipality, shall be submitted to the city planning commission for approval; provided, however, that in case of its disapproval, the city planning commission shall communicate its reasons for disapproval to the legislative body of the municipality, and thereupon by majority vote of such legislative body it shall have the power of overruling such disapproval. (Priv. Acts 1921, ch. 162, § 8)

Sec. 105. Effect of approval.

The approval of the city planning commission or legislative body shall be deemed an acceptance of the proposed dedication, but this shall not impose any duty upon the municipality concerning the maintenance or improvement of such dedicated parts until the proper municipal authority shall have made an actual appropriation of same, by entry, use or improvement. (Priv. Acts 1921, ch. 162, § 8)

Sec. 106. Public money not to be expended on improvements until plans approved.

No sewer, water or gas main, or pipes or other improvements shall be voted or made, nor shall any public money be expended for the benefit of any such purchaser or owner; nor shall any permit for connection with, or other use of any such improvement existing, or for any other reason, be given to any such purchasers or owners until such plan is so approved by the city planning commission or legislative body. No sewer, water or gas main or pipe or other improvements shall be voted or made, nor shall any public money be expended within any lands laid out in building lots, streets and alleys, until the plan, plot or replot of such lands shall have been approved by the city planning commission or legislative body. (Priv. Acts 1921, ch. 162, § 8)

Sec. 107. Authority to employ architects, engineers and clerical help.

The city planning commission shall have power to control, appoint or employ such architects, engineers and other professional service, and to appoint such clerks, draftsmen, and other subordinates as it shall deem necessary for the performance of its functions, the expenditures for such service and employment to be within the amounts appropriated for the use of the city planning commission. (Priv. Acts 1921, ch. 162, § 9)

Sec. 108. Annual report.

The city planning commission shall make to the legislative body of the municipality an annual report, giving a resume of its work during the preceding year. In such report it shall also make recommendations as to future projects to be undertaken, and from time to time they shall also make like recommendations for public improvements, which, in its judgment, should be undertaken. (Priv. Acts 1921, ch. 162, § 10)

(Priv. Acts 1955, ch. 352, § 5)

ARTICLE 17. PLANS, PLOTS OR RELOTS OF LANDS WITHIN CITY*

*Code reference—Subdivisions, T. 15.

Sec. 109. Approval by council prerequisite to recordation.

In all cities having a population of one hundred and sixty thousand (160,000) or over, according to the Federal Census of 1920 or any subsequent Federal Census, all plans, plots, or replots of lands lying within the limits of such city, laid out in building lots, and streets, alleys, squares, parks, or other portions of same, intended to be dedicated to public use, or for the use of purchasers or owners of lots fronting upon any such square, park, street, alley, or boulevard, or adjacent thereto, or lying or being within the boundary of the said tract or parcel of land, and located within the limits of any such city, shall be submitted to the council, or other legislative body having general charge and supervision of the design, construction and maintenance of city streets; and all such plans, plots, or replots shall be approved by such council or other legislative body, before they shall be tendered for record to the county register. (Priv. Acts 1921, ch. 164, § 1)

Sec. 110. Examination by council; when approval required.

Said plans, plots, or replots shall be examined by such council with a view of ascertaining whether such plans, plots, or replots conform to the general laws relating to plots within the city, and that streets, alleys, boulevards, parks and public ways or places shall conform to the general plan of the city, and not conflict or interfere with rights of way of

streets, or alleys, already established. If such plans, plots, or replots shall conform to the laws of the state, and ordinances of such city, and if they shall fall within the general plan for the extension of such city, regard being had for public streets, sewer connections, water service, and service of other utilities, then it shall be the duty of said council, or other legislative body, to endorse its approval upon the plan, plot, or replot submitted to it. (Priv. Acts 1921, ch. 164, § 1)

Sec. 111. Effect of approval.

The approval of such council, or other legislative body, shall be deemed an acceptance of the proposed dedication for public, or private use, as the case may be; but shall not impose any duty upon the city concerning the maintenance or improvement of any such dedicated parts until the proper authorities of the city shall have made actual appropriation of the same by entry, use, or improvement, and owners and purchasers shall be deemed to have notice of the public plans, maps and reports of such council, or body having charge of the design, construction and maintenance of the city streets affecting such property within the jurisdiction of the cities of the class hereinbefore set out. (Priv. Acts 1921, ch. 164, § 1)

Sec. 112. Duty of county register.

If any such plan, plot, or replot of land is tendered for registration in the office of a county register of any county in which any city of the above class may be situated, it shall be the duty of such county register to examine such plan, plot, or replot to ascertain whether the endorsement of the council, or legislative body provided for in the next preceding section, shall appear thereon. If it shall, and the plan, plot, or replot otherwise conforms to the provisions of law, he shall accept same for registration. If such endorsement does not appear thereon, the register shall refuse and decline to accept such plan, plot, or replot. Any failure to observe the provisions of this section, on the part of any county register, shall constitute a misdemeanor in office. (Priv. Acts 1921, ch. 164, § 2)

Sec. 113. To be tendered for registration within thirty days after final approval.

Every such plan, plot, or replot of land shall be tendered for registration within thirty (30) days of the final approval by the council, and the failure to tender such plan, plot, or replot for registration within said thirty days shall operate to vacate and void the approval thereof by the council; and the county register shall not record such plan, plot, or replot of land unless same is tendered to him for registration within thirty days of its final approval by the council. (Priv. Acts 1927, ch. 452)

ARTICLE 18. PLATS FOR SUBDIVISIONS IN CITY-COUNTY FIVE-MILE ZONE*

*Code reference—Subdivisions, T.15.

Sec. 114. Required; contents.

Every owner or proprietor of any tract of land situated outside of but within five (5) miles of the corporate limits of any city of the State of Tennessee containing one hundred sixty thousand (160,000) inhabitants, or more, according to the Federal Census of 1920 or any subsequent Federal Census, who may hereafter subdivide the same into two (2) or more parts for the purpose of laying out any subdivision of any town or city, or any addition thereto, or any part thereof, or suburban lots or building lots, shall cause a plat of such subdivision, with reference to known or permanent monuments, to be made, which shall accurately describe all of the subdivision of such tracts or parcels of land, giving the dimensions thereof and the dimensions and courses of all the streets, alleys, squares, parks or other portions of same intended to be dedicated to public use. Descriptions of lots or parcels of land in such subdivisions, according to the number and designation thereof on said plat, contained in conveyances or tax rolls or other documents, and copies of such plats or extracts therefrom, properly attested by the register in whose office said plats are recorded, shall have the same force and effect as evidence that copies of deeds may have, and shall be deemed good and valid for all intents and purposes. (Priv. Acts 1925, ch. 409, § 1)

Sec. 115. Acknowledgment and recordation required.

Every such plat shall be duly acknowledged by the owners or proprietors of the land before some officer authorized to take acknowledgments of deeds, and when thus executed and acknowledged, said plat, subject to the provisions contained in sections 117 and 118, herein, shall be filed for record and be recorded in the office of the register of the county in which said land lies. (Priv. Acts 1925, ch. 409, § 2)

Sec. 116. Effect of recordation.

The recordation of such plan or plat shall operate to dedicate to public use all portions of land or interest therein as are set apart on such plat or plan for streets, alleys, parks, easements for poles, conduits or other instrumentalities used by public service corporations, or other public uses. (Priv. Acts 1925, ch. 409, § 3)

Sec. 117. Approval of city planning commission and board of county commissioners required before recordation; certificate of endorsement.

No such plan or plot shall be recorded by the register of any county in this state affected by this Act, until the same shall have been approved by the city planning commission of any city affected by this Act, and the board of county commissioners of the county in which the land lies. Any person desiring to have a subdivision plat or plan certified as herein provided shall apply therefor and file a copy thereof with the commission and board hereinbefore referred to, who shall act upon the application within thirty (30) days from the filing date. If the plan or plat is approved, each shall indicate such finding by a certificate endorsed thereon, signed by the chairman of the board or commission, and attested by the secretary, and if there be no chairman and secretary, then by a majority of the members of the board or commission. The board or commission acting upon any application shall keep a record thereof, and upon demand of the owner of any land affected shall certify its reasons for its action in the matter. (Priv. Acts 1925, ch. 409, § 4)

Sec. 118. Conditions prerequisite to approval.

If such plans, plots or replots shall conform to the laws of the state, county, and applicable ordinances of such city, and if they shall fall within the general plan for the extension of such city, and any applicable law or regulations that may be hereafter promulgated by the quarterly county courts of said counties, and the general plan for the extension of roads, streets and public ways within the city, the general plan of the county, the plan of roads and public ways within the county, regard being had for access to and extension of streets and roads, access to sewers, water mains and the instrumentalities of public service companies, then it shall be the duty of the commission and board to endorse approval upon the plat, plan, plot or replot submitted to it; provided, however, that before approving same, the board of county commissioners of the county in which the land lies shall have and is hereby specifically granted authority to require that the streets and highways of any such subdivision shall be paved according to plans, specifications and requirements made or approved by such board of county commissioners, and such board of county commissioners shall also have authority, before approving same, to require that the establishment of grades of streets and highways, the width and arrangement of same, and the drainage of the plots or replots and of the streets and highways embraced therein shall be in accordance with plans, specifications and requirements made or approved by such board of county commissioners and carried out under engineering supervision of such board of county commissioners or its engineers; provided further, that such boards of county commissioners shall have authority in their discretion, if their requirements as herein authorized be not completed at the time of endorsement of approval provided for in this Act, to provide for the completion of same by contract between the county and the owner or proprietor of the tract of land in question and to require such security for the completion and carrying out of such contract as said board of county commissioners may deem adequate and proper.

The board of county commissioners may refuse to issue such certificate unless the owner or proprietor of the land involved shall first enter into a contract with, and satisfactory to, the board of county commissioners relative to the improvement of the property by the said owner or proprietor, dedicating, and at his expense, constructing all necessary roads, drainage and grading required by the said board of county commissioners. Prior to the actual completion of the roads and payment therefor as may be required by the board of county commissioners, and prior to the acceptance of the final plan, the board of county commissioners may accept a cash deposit or surety bond to secure the county board of commissioners that the actual construction of said roadway, drainage and grading may be completed and paid within such time as may be specified by the board of county commissioners.

In all areas within three (3) miles of the present, or any future boundary of any city affected by this Act, the board of county commissioners shall refuse to issue such certificate unless the owner or proprietor of the land involved shall first enter into a contract with and satisfactory to the board of county commissioners relative to the improvement of the property by the said owner or proprietor, at his expense, to construct all necessary roads, curbs, gutters, sidewalks, drainage, grading, gravelling and storm and sanitary sewerage systems required by the said board of county commissioners. Any such contract, before becoming effective, shall likewise be approved by the mayor and city council of any city affected by this Act. The owner or proprietor of the land involved shall make a cash deposit or surety bond to secure the board of county commissioners and the city council of any city affected by this Act that the actual construction aforesaid shall be completed and paid for within such time as may be specified by the board of county commissioners. The amount of cash deposit, or the surety bond and the surety must meet with the approval of the mayor and city attorney of any city affected by this Act and the board of county commissioners and county attorney of the county. (Priv. Acts 1925, ch. 409, § 4; Priv. Acts 1927, ch. 509, § 1; Priv. Acts 1945, ch. 130, §§ 1, 2; Priv. Acts 1953, ch. 445, § 1)

Sec. 119. Vacation generally.

Any such plat may be vacated by the proprietors thereof, at any time before the sale of any lot therein, by written instrument declaring the same to be vacated, duly executed, acknowledged or proved, and recorded in the same office as the plat to be vacated, provided the approval of the city and county officers shall have been obtained as above provided, and the execution and recordation of such writing shall operate to destroy the force and effect of the recording of the plat so vacated and to divest all public rights in, and to reinvest such proprietors with the title to the streets, alleys, commons, and public grounds, laid out or described in such plat. In cases where lots have been sold, the plat, or any part thereof, may be vacated upon the application of all the owners of lots in said plat and with the approval of the city and county officers. (Priv. Acts 1925, ch. 409, § 5)

Sec. 120. Duty of county register upon vacation.

The register of the county in whose office the plats aforesaid are recorded shall write in plain legible letters across the plat so vacated the word "Vacated," and also make a reference on the same to the volume and page in which said instrument of vacation is recorded. (Priv. Acts 1925, ch. 409, §5)

Sec. 121. City or county not required to grade, pave, etc.

Nothing in this Act contained shall be construed as an obligation upon any such city or county to pay for grading, or to pave, lay sidewalks, curb, gutter or improve streets or public grounds, except as may be provided by laws heretofore or hereafter enacted relative to annexation of territory by cities and towns. (Priv. Acts 1925, ch. 409, § 6)

Sec. 122. Duty of county register to enforce Act.

When any such map or plat of a subdivision of land is tendered for registration in the office of a county register of any county in which any city of the above class may be situated, it shall be the duty of such register to ascertain that the proposed subdivision is or is not subject to the provisions of this Act, and if it is subject to its provisions, then to examine such map or plat to ascertain whether the endorsements required by this Act appear thereon. If such endorsements appear thereon, he shall accept same for registration. If such endorsements do not appear thereon, he shall refuse to accept such map or plat for registration. When the map or plat does not disclose that the subdivision, or any part thereof, is or is not outside of and within five (5) miles of the corporate limits of a city of the class mentioned above, the county register may require one offering the map or plat for registration to file with him an affidavit setting forth such information. Any failure to observe any of the provisions of this Act on the part of any county register shall constitute a misdemeanor in office. (Priv. Acts 1925, ch. 409, § 7)

Sec. 123. To be tendered for registration within thirty days of final approval.

Such plan or map shall be tendered for registration within thirty (30) days of the final approval of such plan or map, and the failure to tender such plan or map for registration within thirty days of its final approval shall operate to vacate and void such approval; and the county register shall refuse to accept for registration, and shall not register any such

plan or map not tendered within thirty days of its final approval by the city planning commission and board of commissioners provided for in said act. (Priv. Acts 1927, ch. 448)

ARTICLE 19. CONVEYANCES OF LESS THAN TWO ACRES NOT ABUTTING ON PUBLIC STREET

Sec. 124. Prerequisite to recordation.

No conveyance of any parcel of ground of less than two acres in area within the corporate limits, or within five (5) miles of such limits, of any city having a population of one hundred sixty thousand (160,000) or more persons, according to the Federal Census of 1920 or any subsequent Federal Census, shall be entitled to registration unless such land abuts on a public road or a public street, or unless such land is sold or conveyed to the owner of immediately adjacent property, or unless the deed shall have written thereon a certificate to the effect that the public interest does not require that a public road or a public street be dedicated or provided for before such transfer. It shall be the duty of the city planning commission, if the land lies within the corporate limits of a city of the class mentioned above, or of the board of county commissioners, if it lies without such limits but within five (5) miles thereof, to give such certificate in all cases where the land conveyed, by means of private roads or private right of way, is assured access to a public highway, and such certificate shall be signed by the authority issuing it. It is hereby made the duty of such commissioners and boards to make such a certificate upon all deeds conveying land of less than two acres in the territory above indicated, which do not show on their face that such land abuts on or is assured access to a public highway as indicated above, where the public interest does not require the indication of or provision for a new public road or new public street to be used in connection with such land. The issuance of such certificate or the refusal to issue shall take place within ten (10) days from and after the date of the request for the certificate; otherwise such certificate shall be deemed to have been issued. Nothing herein shall be construed as applying to the sale or transfer of any lot or parcel of ground in the territory above indicated containing an area of less than two acres, for which a deed or a contract of sale has been executed or delivered before the taking effect of this Act. (Priv. Acts 1925, ch. 408, § 1)

Sec. 125. Duty of county register.

When any deed conveying a lot or parcel of land of less than two acres in area in any territory indicated in section 124 is tendered for registration to the county register of the county in which the land lies, it shall be the duty of such county register to ascertain if the endorsement required by section 124, if such endorsement is required (thereunder), appears upon said deed. If such endorsement appears thereon, he shall accept same for registration. If such endorsement does not appear thereon and it is required under this Act, he shall refuse to accept such deed for registration. When the deed does not disclose on its face whether it requires the endorsement provided for by this Act, the county register may require the one offering the deed for registration to file with him an affidavit setting forth sufficient facts to show whether such endorsement thereon is required hereunder. Any failure to observe any of the provisions of this Act on the part of any county register shall constitute a misdemeanor in office. (Priv. Acts 1925, ch. 408, § 2)

ARTICLE 20. BUILDING LINES UNDER EMINENT DOMAIN FOR STREET WIDENING*

***Cross references**—Condemnation of private property generally, § 457 et seq.; street improvements generally, §§ 503—565.

Code reference—Streets, Chs. 12-4—12-28.

Sec. 126. Definition of “street.”

The word “street,” as used in this Act, shall mean any public highway, esplanade, boulevard, parkway, square, or street, or any part, or side, or part of side of any of the same, within the limits of any incorporated municipality having a population in excess of one hundred sixty thousand (160,000) inhabitants by the Federal Census of 1920 or by any subsequent Federal Census. (Priv. Acts 1923, ch. 415, § 1)

Sec. 127. Authority to establish.

It shall be lawful for any incorporated municipality having a population in excess of one hundred sixty thousand (160,000) inhabitants by the Federal Census of 1920 or by any subsequent Federal Census to provide by ordinance for the establishment of a building line, or lines, on any street. After the establishment of any such line, or lines, no

building or other structures shall be erected and no existing buildings reconstructed or repaired to the extent of more than seventy-five per cent of its value, and no building or other structure shall be re-erected, within the line or lines so established, except subject to the rights of the municipality acquired under any such building line ordinance. (Priv. Acts 1923, ch. 415, § 2)

Sec. 128. May be established on one or both sides of street; contents of establishing ordinance.

Such line or lines may be established on one or both sides of any street, for the total length of any street or any part thereof. The ordinance establishing such line or lines shall set forth the name of the street, and the part or parts thereof to which said line or lines shall apply, and shall provide that the owners of property abutting on said street within the part affected by such line, or lines, shall take notice of and be bound by the provisions of such ordinance. (Priv. Acts 1923, ch. 415, § 2)

Sec. 129. Passage of ordinance constitutes easement; rights of property owners.

Upon the final passage of such ordinance the municipality passing the same shall be conclusively held to have taken an easement of way over all lands abutting the part or parts of the street to which such building line ordinance is applied, and the owners of such lands shall thereupon be entitled to all the benefits accruing to owners of lands or other property taken by the public for public use, under the laws of eminent domain of the State of Tennessee. (Priv. Acts 1923, ch. 415, § 3)

Sec. 130. Notice of taking of easement; duty of city to widen streets within twenty-five years; right of property owner pending widening.

No notice of the taking of such easement to the owner of any property affected thereby shall be required other than the passage of an ordinance in conformity with the Charter provisions of any municipality passing such ordinance. Such ordinance shall also provide that, at a future time to be therein specified, not later than twenty-five (25) years after the passage of such ordinance, the municipal corporation shall widen the street to the line or lines established in such ordinance; but between the time of the passage of such ordinance and the time fixed therein at which the street shall be widened to such a line, or lines, the owners of the lands over which the municipality has acquired the easement aforesaid shall have the right to make any use of such land not inconsistent with the right of such municipality under its easement, or inconsistent with the provisions of this Act, including the right to maintain upon such land any building, structure, or appurtenances existing thereon at the time of the passage of such ordinance. (Priv. Acts 1923, ch. 415, § 3)

Sec. 131. Assessment of damages; right of owner to institute court action; time within which action must be brought.

The municipality passing such ordinance may proceed to the assessment of damages to the owners of lands affected thereby under the law relating to eminent domain; and the owners of such land shall likewise have the right to institute in any court of competent jurisdiction their actions to have assessed the damages sustained by them; but no action shall be brought by any owner of property affected by such ordinance for damages by reason of the taking of such easement, unless the action shall have been brought within twelve months of the final passage of the ordinance establishing such line or lines; provided, however, that this shall not apply to any person under disability whose right to bring an action is regulated or governed by any other Act or law of the State of Tennessee. (Priv. Acts 1923, ch. 415, § 4)

Sec. 132. Measure of damages; interpretation of Act.

The measure of damage for the taking of such easement under any such ordinance shall be the difference between the value of the land at the time of the taking, without the easement, and the value of the land at the time of the taking, subject to the easement of the municipality acquiring it under the ordinance; provided, however, that should this provision of this Act relating to the rule of the damages be held invalid, that the owners of any property affected by the taking of such easement by the municipality shall be entitled to such damages as may be awarded them under the law of the land. Nothing herein contained shall be held to give any municipality passing an ordinance under the provisions hereof any right, title or interest in or to any building or improvement now or hereafter erected on any land over which the city acquires the easement hereinbefore provided for, or to the use or possession of any land within the line or lines so established, until the acquisition of the land as hereinafter provided for. (Priv. Acts 1923, ch. 415, § 4)

Sec. 133. Right of city to purchase or condemn land, etc., for widening and improving street; laws applicable.

At the end of the period designated in such ordinance the municipality passing it shall proceed to widen the street named therein, and to that end shall thereupon proceed to acquire by purchase, condemnation, or otherwise, the land necessary to be taken for such widening, and the owner thereof shall be entitled to such damages as he may then be entitled to under the law where private property is taken for public use. Such widening and improving shall be done under any law then existing relating to the widening and improving of any street in any such municipality, and the cost thereof shall be borne in the manner then provided by law. (Priv. Acts 1923, ch. 415, § 5)

Sec. 134. Damages to abutting owner; right of recovery.

If, between the time of the passage of any such ordinance and the widening of such street under the ordinance, the owners of land abutting such building line, or lines, are damaged by the passage of such ordinance in any manner otherwise than by the taking of such easement in the land, each shall have a right of action against the municipality passing such ordinance for any damages legally recoverable for such injury; provided, however, that any such action shall be brought within one year from the time it shall accrue, saving, however, to persons under any legal disability the right to bring such action within such time as may be provided by law. (Priv. Acts 1923, ch. 415, § 6)

Sec. 135. Damages may be paid out of any general or special fund.

Damages for the easement taken or damages to any owner hereinbefore provided for may be paid by the municipality out of any general or special fund which may be provided for that purpose under the general law of the State of Tennessee, or any Charter provision of any such municipality. (Priv. Acts 1923, ch. 415, § 7)

Sec. 136. Act does not limit power.

This Act shall not limit or abridge any power now or hereafter conferred by law on any municipality to establish building lines, whether under the police power, by eminent domain, or otherwise. (Priv. Acts 1923, ch. 415, § 8)

ARTICLE 21. GENERAL ZONING REGULATIONS*

***Code reference**—City zoning regulations, T. 16.

Annotation—Chapter 165, Private Acts of 1921, from which this article is derived, was held constitutional in *Spencer-Sturla Co. vs. Memphis* 155 Tenn. 70, 290 S.W. 608 (1927).

Sec. 137. Authority to restrict location of trades, industries and buildings and divide city into use districts.

The legislative body of all municipalities having a population in excess of one hundred and sixty thousand (160,000) inhabitants by the Federal Census of 1920, or by any subsequent Federal Census, may regulate and restrict, by ordinance, the location of trades and industries and the location of buildings, designed for specified uses, and for said purposes, divide the municipality into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this section. (Priv. Acts 1921, ch. 165, § 1)

Sec. 138. Use district regulations.

For each of such districts, regulations may be imposed by ordinance, designating the uses for which buildings may or may not be erected or altered, and designating the trades and industries that shall be excluded or subjected to special regulations. Such regulations shall be in accordance with a place [plan] designed to lessen congestion on the public streets, to promote the public health, safety, convenience and general welfare, and shall be made with reasonable consideration, among other things, to the character of the district, its peculiar suitability for particular uses, the conservation of property values, and the direction of building development. (Priv. Acts 1921, ch. 165, § 1)

Sec. 139. Height and area regulations and districts.

Such legislative body may regulate by ordinance and limit the height and bulk of buildings hereafter erected or altered, and regulate and determine the percentage of land area to be devoted to yards, courts and other open spaces, and for said purposes divide the municipality into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this section. Such regulations shall be uniform for each class of buildings throughout each district, but the regulations in one or more districts may differ from those in other districts. Such regulations shall be designed to lessen congestion on the public streets, to secure safety from fires and other dangers, to promote the public health and welfare, including provisions for adequate light, air and convenience of access, and shall be made with reasonable regard to the character of buildings erected in each district, the value of land and the use to which it may be put, to the end that such regulations will promote the public health, safety and welfare, the most desirable use for which the land of each district may be adapted, and tend to conserve the value of the building and to stabilize the value of land throughout such districts.

Any ordinance, map, or plan of the city adopted pursuant hereto may combine the designation of the districts authorized prescribing the height and bulk of buildings and the area devoted to yards, courts and other open spaces with the designation of the districts authorized prescribing the location of trades and industries and the location of buildings designed for specific purposes. (Priv. Acts 1921, ch. 165, § 2; Priv. Acts 1953, ch. 286, § 1)

Sec. 140. Limitation on number of occupants for dwelling and tenement houses.

The legislative body of such municipalities may, by ordinance, limit and restrict the maximum number of families which may be housed in dwellings or tenement houses hereafter erected or altered, and for said purposes divide the municipality into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this section. The regulations adopted for one or more districts may differ from those adopted for other districts. Such regulations shall be designed to limit the overcrowding of land and to avoid undue congestion of population, to facilitate adequate provision of transit, water, sewage disposal, education, recreation and other public requirements, and to promote the public health, morals, safety, convenience and general welfare. (Priv. Acts 1921, ch. 165, § 3)

Sec. 141. Planning commission to recommend boundaries; reports; public hearings.

In a municipality having a city planning commission appointed pursuant to a statute or local charter or ordinance, the legislative body shall require such commission to recommend the boundaries or [of] districts and appropriate regulations to be enforced therein. Such commission shall make a tentative report and hold public hearings thereon, at such times and places and upon such notice as said legislative body shall require, before submitting its final report. The legislative body shall not determine the boundaries of any district, nor impose any regulations, until after the final report of such city planning commission. (Priv. Acts 1921, ch. 165, § 4)

Sec. 142. Amendment of boundaries or regulations.

After such final report is submitted to the legislative body, and final adoption of regulations by ordinance, the legislative body may, from time to time, amend, supplement or change by ordinance the boundaries or regulations so adopted. Notice of the adoption of such amendment, supplement or change in the ordinance shall be given by publishing such notice three (3) times in some daily newspaper of general circulation in such municipality. Such notice shall state the time and place, not earlier than ten days from the last date of publication, at which the legislative body of such municipality shall meet to hear remonstrances or protests against the making of such amendment, supplement or change. At the time and place thus appointed, the legislative body shall meet, and all persons whose property will be affected by such amendment, supplement or change may appear in person or by attorney or by petition, and protest against making of such amendment, supplement or change, and after hearing such protests, if any, said legislative body may confirm, modify or rescind such ordinance in whole or in part. If, however, a protest against such amendment, supplement or change be presented in writing to the comptroller within ten days from date of last publication, duly signed and acknowledged by the owners of 20 per cent or more of any frontage proposed to be altered, or by the owners of 20 per cent of the frontage immediately in the rear thereof, or by the owners of 20 per cent of the frontage directly opposite the frontage proposed to be altered, such amendment, supplement or change shall not be passed except by a two-thirds vote of the legislative body. (Priv. Acts 1921, ch. 165, § 4; Ord. No. 2034, § 1, 4-30-74)

Sec. 143. Board of adjustment—Appointment; authority to vary regulations and restrictions.

Such local legislative body may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this Act may provide that the said board of adjustment may determine and vary their application in harmony with its general purpose and intent and in accordance with general or specific rules therein contained. Where a city plan commission already exists, the board of adjustment may be appointed partially or entirely from its membership. (Priv. Acts 1921, ch. 165, § 5; Priv. Acts 1925, ch. 428, § 1)

Sec. 144. Same—Composition; terms of members; removal; vacancies; chairman.

The board of adjustment shall consist of seven members. The membership of the first board appointed shall serve, respectively, three for one year, two for two years, and two for three years. Thereafter all members shall be appointed for terms of three years each. All members shall be removable for cause by the appointing authority upon written charges and after hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant. The board shall elect its own chairman, who shall serve for one year. (Priv. Acts 1925, ch. 428, § 1)

Sec. 145. Same—Adoption of rules; meetings; authority of chairman to administer oaths and compel attendance of witnesses; minutes and records.

The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this Act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine, and/or at such times as may be fixed in the ordinance providing for the appointment of such board. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failure to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record. (Priv. Acts 1925, ch. 428, § 1)

Sec. 145.1. Same—Absence of member from meeting, etc.

In case of the absence of any member of the board of adjustment from any meeting, or the failure of any member to serve at any meeting or in any capacity in which he is required by law to serve whether on account of illness, incapacity, absence from the city or unwillingness to serve or other cause, the mayor may appoint some person possessing the qualifications required of regular members as a special member to act in the stead of such regular member. Such appointment shall be in writing and shall be copied on the minutes of the board of adjustment. The period for which such special appointment is made shall be stated in the written appointment but may be indefinite, pending the happening of some event. (Priv. Acts 1953, ch. 289, § 1)

Sec. 146. Same—Appeals to board generally.

Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within five days, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. (Priv. Acts 1925, ch. 428, § 1)

Sec. 147. Same—Effect of appeal; hearing to be within reasonable time.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life and property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, and decide the same within a reasonable time. (Priv. Acts 1925, ch. 428, § 1)

Sec. 148. Same—Powers; quorum, etc.

The board of adjustment shall have the following powers:

(1) To hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, permit, decision or refusal made by the municipal building commissioner or any other administrative official in the carrying out or enforcement of any provision of any ordinance enacted pursuant to this Act.

(2) To hear and decide, in accordance with the provisions of any such ordinance, requests for special exceptions or for interpretation of the map or for decisions upon other special questions upon which such board is authorized by any such ordinance to pass.

(3) Where, by reason of exceptional narrowness, shallowness or shape of a specific piece of property at the time of the enactment of the zoning regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation enacted under this Act would result in peculiar and exceptional practical difficulties to or exceptional or undue hardship upon the owner of such property, to authorize, upon an appeal relating to said property, a variance from such strict application so as to relieve such difficulties or hardships, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zone plan and zoning ordinance.

In exercising the above mentioned powers, such board may, in conformity with the provisions of this Act, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

Four members of the board shall constitute a quorum and such quorum may consist wholly or in part of special members.

The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to affect any variation in such ordinances. (Priv. Acts 1925, ch. 428, § 1; Priv. Acts 1953, ch. 289, § 2; Priv. Acts 1955, ch. 142, § 1)

Sec. 149. Same—Certiorari to circuit court from decision of board—Generally.

Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any officer, department, board or bureau of the municipality, may present to the circuit court a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board. (Priv. Acts 1925, ch. 428, § 1)

Sec. 150. Same—Same—Powers of circuit court.

Upon the presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the realtor's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay the proceedings upon the decision appealed from, but the court may, on application, on notice of the board and on due cause shown, grant a restraining order, or supersedeas. (Priv. Acts 1925, ch. 428, § 1)

Sec. 151. Same—Same—Original papers need not be returned.

The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified. (Priv. Acts 1925, ch. 428, § 1)

Sec. 152. Same—Same—Courts may hear additional evidence; authority of court as to decision.

If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take additional evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the

determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review. (Priv. Acts 1925, ch. 428, § 1)

Sec. 153. Same—Same—Cases to have preference.

All issues in any proceeding under this section shall have preference over all other civil actions and proceedings. (Priv. Acts 1925, ch. 428, § 1)

Sec. 154. Authority of city to institute proceedings to prevent unlawful erection, construction, etc.

In case any building or structure is erected, constructed, reconstructed, altered, converted or maintained, or any building, structure or land is used in violation of this Act or of any ordinance or other regulation made under authority conferred hereby, the proper local authorities of the municipality, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, conversion, maintenance, or use, to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure, or land, or to prevent any illegal act, conduct, business, or use in or about such premises. (Priv. Acts 1925, ch. 428, § 2)

Sec. 155. Conflicting regulations.

Wherever the provisions of any ordinance or regulation adopted by the legislative body under the provisions of this Act impose requirements for lower height of buildings or a less percentage of a lot that may be occupied, or require wider or larger courts or deeper yards than imposed or required by existing provision of law or ordinance, the provision of this Act shall govern. Where, however, the provisions of the building code or other ordinance or regulation of any municipality impose requirements for lower height of buildings, or less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are required by any ordinance or regulation which may be adopted by the legislative body under the provisions of this Act, the provision of said building code or other ordinance or regulation shall govern. (Priv. Acts 1921, ch. 165, § 6)

Sec. 156. Nonconforming uses.

The lawful use of a building existing at the time of adoption of an ordinance under the provisions of this Act, although such use does not conform to the provisions of such ordinance, may be extended throughout the building, provided no structural alterations except those required by law and ordinance are made therein.

Where no structural alterations are made in a building of a nonconforming use, such use may be changed to a use of a similar or higher classification, according to the provisions of ordinances and regulations adopted under the authority of this Act.

The lawful use of a premises existing at the time of adoption of an ordinance under the provisions of this Act, although such use does not conform to the provisions of such ordinance, may be continued; but if such nonconforming use is discontinued, any future use of said premises shall be in conformity with provisions of ordinances and regulations adopted under the authority of this Act.

Where structural alterations are made in a building of nonconforming use, such building shall be changed in conformity with the provisions of ordinances and regulations adopted under the authority of this Act, for the district in which such building is located. When the boundary line of any use district divides a parcel of ground in common ownership, at the time of the adoption of the ordinance, under the provisions of this Act, nothing herein shall be construed to prevent the extension of the use existing on either portion of such parcel of ground, to the entire parcel, but for a distance of not greater than twenty-five (25) feet.

Nothing in this Act shall be taken to prevent:

(a) The erection of a building for which a permit shall have been issued previous to the passage of an ordinance under the provisions of this Act;

(b) The restoration of a building destroyed to the extent of not more than 75 per cent of its reasonable value, by fire, explosion, an act of God or the public enemy, and the occupancy or use of such building or part thereof, if such use existed at the time of such partial destruction;

(c) The restoration of a wall declared unsafe by the building inspector. (Priv. Acts 1921, ch. 165, § 7)

Editor's note—Former §§ 156—159 were derived from Priv. Acts, Ch. 165, § 7, and have been combined as § 156.

Sec. 157. Planned unit developments.

The council may by ordinance provide for approval of planned developments on parcels of land in which the heights, areas, densities, uses and such other items applicable and pertinent to said development, may be as set out on a recordable plat although they may not be uniform with those in the district in which located. Such a plan shall first be submitted to and a recommendation made by the planning commission. Such plats shall show the street and road patterns, dedications, if any, set backs, heights, density, uses, building separation, open areas, screenings, and such other items applicable and pertinent to said development, as proposed by the applicant and their conformity with standards set by the planning commission, as approved by the council so as to carry out the intention of the zoning ordinance and preserve the character of the neighborhood. Upon approval and enactment by the council, such conditions shall be binding upon the applicant/owner until relieved by amendment or repeal. Building permits may be issued in accordance with the approved plan even though more than one structure is to be located thereon. (Ord. No. 2061, § 1, 5-28-74)

ARTICLE 22. ZONING REGULATIONS FOR CITY-COUNTY FIVE-MILE ZONE*

***Editor's note**—Priv. Acts 1931, ch. 613, from which this article is derived, was not included in the 1949 compilation, but is included herein at the discretion of the editor.

Sec. 159.1. Authority to restrict location of trades, industries and buildings; use districts.

By joint action of the legislative bodies of all municipalities having a population in excess of 160,000 inhabitants by the Federal Census of 1930, or by any subsequent Federal Census, and the quarterly county courts of counties having a population in excess of 300,000 inhabitants, by the Federal Census of 1930, or by any subsequent Federal Census, in the manner hereinafter prescribed, they may regulate and restrict the location of trades and industries, and the location of buildings designed for specified uses, and for such purposes divide the territory surrounding adjacent and contiguous to, for a distance five miles beyond the corporate limits, as now established or hereafter to be established, of a city having a population in excess of 160,000 inhabitants, by the Federal Census of 1930, or by any subsequent Federal Census, and having adopted a zoning ordinance in accordance with the provisions of Chapter 163, of the Private Acts of 1921*, into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this Act.

For each of such districts, regulations may be imposed, designating the uses for which buildings may be or may not be erected or altered, and designating the trades and industries that shall be excluded or subjected to special regulations. Such regulations shall be in accordance with, as near as may be, any city plan adopted by cities of the population classification aforesaid for its orderly growth and development, and a general plan for such zones or districts, designed to lessen congestion on the public streets or highways, to promote the public health, safety, convenience and general welfare, and shall be made with reasonable consideration, among other things, to the character of the district, its peculiar suitability for particular uses, the conservation of property values, and the direction of building development. (Priv. Acts 1931, ch. 613, § 2)

***Editor's note**—Priv. Acts 1921, ch. 163, relates to building lines and not zoning. It is felt that this reference should be to Priv. Acts 1921, ch. 165 (§ 137 et seq. herein).

Sec. 159.2. Height and area regulations and districts.

Such legislative bodies may regulate and limit, in the manner hereinafter described, the height and bulk of buildings hereafter erected or altered, and regulate and determine the percentage of land area to be devoted to yards, courts and other open spaces, and for said purposes, divide said five mile zone into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this Act. Such regulations shall be uniform for each class of

buildings throughout each district, but the regulations in one or more districts may differ from those in other districts. Such regulations shall be designed to lessen congestion on the public streets to secure safety from fires and other dangers, to promote the public health and welfare, including provisions for adequate light, air and convenience of access, and shall be made with reasonable regard to the character of buildings erected in each district, the value of land and the use to which it may be put, to the end that such regulations will promote the public health, safety and welfare, the most desirable use for which the land of each district may be adapted, and tend to conserve the value of buildings and to stabilize the value of land throughout such districts. (Priv. Acts 1931, ch. 613, § 3)

Sec. 159.3. Limitation on number of occupants of dwellings and tenement houses.

Such legislative bodies may, as hereinafter provided, limit and restrict the maximum number of families which may be housed in dwellings or tenement houses hereafter erected or altered and for said purposes, divide said five mile zone into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this Act. The regulations adopted for one or more districts may differ from those adopted for other districts. Such regulations shall be designed to limit the overcrowding of land and to avoid undue congestion of population, to facilitate adequate provision of transit, water, sewerage disposal, education, recreation and other public requirements, and to promote the public health, morals, safety, convenience and general welfare. (Priv. Acts 1931, ch. 613, § 4)

Sec. 159.4. Conformity to city plan.

In making the regulations provided for in sections 2, 3 and 4 [159.1, 159.2, 159.3] hereof, said legislative bodies shall give due regard to, and conform as near as may be, to any plan adopted or recommended by the city planning commission thereof, of cities of 160,000 inhabitants or more, by the Federal Census of 1930, or by any subsequent Federal Census, for the extension of its streets, sewers, water mains, recreation or public parks, playgrounds, schools, and the instrumentalities of public service corporations, or others, furnishing water, gas, electricity, transit, transportation or other public services. (Priv. Acts 1931, ch. 613, § 5)

Sec. 159.5. Legislative procedure; employment of engineers, attorneys, etc.; division of expense.

Before any regulations made or enacted in pursuance of the powers granted by sections 2, 3 and 4 [159.1, 159.2 and 159.3] hereof are effective, they shall be approved, after public hearings as hereinafter provided, by joint action of the quarterly county court and legislative bodies of municipal corporations, subject to the provisions of this Act. The quarterly county court of the counties having a population of 300,000 or more by the Federal Census of 1930, or by any subsequent Federal Census, and legislative bodies, councils or bodies of cities having a population of 160,000 or more by the Federal Census of 1930, or by any subsequent Federal Census, are hereby directly and explicitly authorized to adopt regulations designed to carry out the provisions of sections 2, 3 and 4 [159.1, 159.2 and 159.3] of this Act. The quarterly county courts of counties of the aforesaid population are authorized to act and adopt such regulations by majority vote of the quarterly county court at any regular or special session. Legislative bodies of municipal corporations, within the population classification aforesaid, shall adopt such regulations by ordinance, pursuant to the Charter provisions applicable to such municipal corporations, now or hereafter to be enacted by the General Assembly. The legislative bodies as above designated, of either county or city, may initiate proceedings to carry out the purposes of this Act, and on certification to the other of such proceedings, it shall be the duty of the other to consider the recommendations of the legislative body first acting, and shall cooperate with the other to carry out the purposes of this Act. And to the end that the purposes of this Act may be carried out, said legislative bodies of city and county are authorized to provide and pay for the employment of engineers, city plan experts, attorneys, draftsmen and other clerical and necessary help as may be necessary to make the necessary preliminary surveys, studies, recommendations and administration of regulations adopted as may be needful to carry out the provisions of this Act, and may also contract as to the division of such expense, and may thereafter contract for the division of the expense of carrying out of the provisions of this Act, and the regulations made pursuant thereto. (Priv. Acts 1931, ch. 613, § 6)

Sec. 159.6. County planning commission; amendment of district boundaries or regulations.

(a) In order to carry out the purposes of this Act, a county planning commission is hereby created to be composed of the members of the planning commission of any municipality within the population classification herein provided for, and the board of county commissioners and chairman of the quarterly county court of counties within the

population classification herein provided for, and before any plan for such five mile zone shall be adopted, such county planning commission shall recommend boundaries or districts and appropriate regulations to be enforced therein. Such commission shall make a tentative report and hold public hearings thereon, at such times and places and upon such notice as it may fix, before submitting its final report. Said legislative bodies shall not determine the boundaries of any district, nor impose any regulations until after the final report of such county planning commission.

(b) After such final report is submitted to both legislative bodies as aforesaid, and final adoption of regulations by each, said legislative bodies may, from time to time, amend, supplement or change the boundaries or regulations so adopted, but not without consent of each. Notice of the adoption of such amendment, supplement or change in the regulations, shall be given by publishing such notice one time in some daily newspaper of general circulation in the city of the population classification hereinbefore set forth within such county. Such notice shall state the time and place, not earlier than ten days from date of publication, at which the legislative bodies shall meet in joint session to hear remonstrances or protests against the making of such amendment, supplement or change. At the time and place thus appointed, said legislative bodies shall meet in joint session, and all persons whose property will be affected by such amendment, supplement, or change, may appear in person or by attorney or by petition, and protest against making of such amendment, supplement, or change, and after hearing such protests, if any, such legislative bodies, in the manner hereinbefore provided, may confirm, modify or rescind such regulations in whole or in part. If, however, a protest against such amendment, supplement or change be presented in writing to either legislative body, within ten days from date of publication, duly signed and acknowledged by the owners of 20% or more of any frontage proposed to be altered, or by the owners of 20% of the frontage immediately in the rear thereof, or by the owners of 20% of the frontage directly opposite the frontage proposed to be altered, such amendment, supplement or change shall not be passed except by a four-fifths vote of each such legislative body. (Priv. Acts 1931, ch. 613, § 7)

Sec. 159.7. Building commissioner; certificates of compliance; use and occupancy permits.

(a) The county assessor of any county within the population classification herein specified is hereby made the building commissioner for that part of the county outside of about [but] within the five mile zone of any municipality within the population classification herein provided for. He shall be building commissioner ex officio, and shall perform the duties provided for in this Act, and by any regulations adopted pursuant to the provisions thereof, without any extra compensation, unless same be provided by the quarterly county court, and/or joint action of said quarterly county court and legislative body of such municipality; provided, however, that by joint agreement of the county and city legislative bodies, to be evidenced by resolutions spread upon their minutes, the building commissioner or inspector of the city may be designated as the building commissioner for the five mile zone in order to carry out the administrative provisions of this Act and of the regulations to be adopted pursuant thereto; and, provided, further, that by joint resolution of the county and city legislative bodies aforesaid a reasonable fee may be fixed and collected for certificates of compliance with the provisions of the regulations adopted pursuant to the provisions of this Act; to be issued by the building commissioner in accordance with the provisions of this Act, and the regulations to be adopted pursuant thereto.

The remaining three members of said board shall be chosen and elected by resolution of the legislative body of such city within such county, one of whom shall be elected for one, another for two and the last for three years. And after appointment of the first board, the members other than ex officio members shall be appointed for terms of three years each, and it shall be no objection to the validity of the organization of the county board of adjustment that the term of any member of the city board of adjustment other than the chairman thereof, shall have expired. Vacancies in the membership of the county board of adjustment, other than the ex officio members, shall be filled for the unexpired term of the vacant member by the legislative body of such municipality. All members of the board, other than the ex officio members, shall be removable for cause by the appointing authority upon written charges and after hearing.

(d) The board shall adopt rules in accordance with the provisions of any regulations adopted pursuant to this Act, and may adopt any not in conflict with the provisions of such regulations or with the provisions of this Act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine, but said board shall meet not less than once a month. The chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

(e) Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the city or county affected by any decision of the county building commissioners or other administrative officer. Such appeal shall be taken within five days, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

(f) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life and property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the county board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

(g) Said county board of adjustment shall fix a reasonable time for the hearing of the appeal, and decide the same within a reasonable time.

(h) Said board of adjustment shall have the following powers:

(1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this Act or of any regulation adopted pursuant thereto.

(2) To hear and decide all matters referred to it upon which it is required to pass under such regulations.

(3) In passing upon appeals, where there are practical difficulties or unnecessary hardship in the way of carrying out the strict letter of such regulations, to vary or modify the application of any of the regulations passed pursuant to

this Act, relating to the use, construction or alteration of buildings or structures or the use of land so that the spirit of the regulations and this Act shall be observed, the public health, safety, morals, convenience and welfare secured and substantial justice done.

(i) In exercising the above mentioned powers, such board may, in conformity with the provisions of this Act, reverse or affirm, wholly or partly, or may modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(j) The concurring vote of five-sevenths of the members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such regulations, or to effect any variation in such regulations.

(k) Any person or persons, jointly or severally, aggrieved by any decision of the county board of adjustment may present to the circuit court of such county a petition for certiorari, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the decision of the board.

(l) Upon presentation of such petition, the circuit court may allow a writ of certiorari directed to the county board of adjustment to review its decision, and shall prescribe therein the time within which a return thereto must be made, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay the proceedings upon the decision appealed from, but the court may, on application and on notice to the board and on due cause shown, grant a restraining order or supersedeas, on such conditions as it may fix.

(m) The county board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return sworn copies thereof or of such portion thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(n) If upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take additional evidence or appoint a referee to take such evidence as it may direct and report same to the court with his findings of fact and conclusion of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review, or may remand the matter to the county board of adjustment for further proceedings under such orders and directions as it may make.

(o) All issues in any proceeding under this section shall have preference over all other civil actions and proceedings except such as may be given prior preference by other provisions of law. (Priv. Acts 1931, ch. 613, § 11)

ARTICLE 34. CIVIL SERVICE*

***Editor's note**—In the 1949 compilation, §§ 240—250 consisted of the 1935 Civil Service Act (Priv. Acts 1935, ch. 142), and the 1949 Civil Service Act (Priv. Acts 1949, ch. 129, §§ 1—15) was included as §§ 250.1—250.15. The 1949 Act did not expressly repeal the 1935 Act. However, the city had been operating under the 1949 Act as evidenced by Ordinance No. 24, enacted August 9, 1949, and codified as Chapter 12 in the Code of Ordinances. The editor therefore, omitted the 1935 Act and included the 1949 Act as former §§ 240—250.4. Subsequently, pursuant to Ord. No. 3233, adopted by the city council on August 31, and approved at referendum on November 2, 1982, Art. 34, §§ 240—250.4 were deleted as repealed. Ord. No. 3233 enacted a new Art. 34, §§ 1—12, which, for numerical continuity, the editor has included as [240]—[250.1].

The hearing board shall consist of the chairman and two (2) commissioners, and a majority vote shall be required to reverse or sustain the disciplinary action of the City. The secretary of the commission shall have the duty of convening said hearing board. At such hearing both the appealing employee and the official whose actions are being reviewed shall have the right to be heard and to present evidence and to be represented by themselves or by legal counsel of their choosing. The estimated total cost of such improvement, together with the maximum rate per front foot, shall be inserted in said ordinance, and after the adoption and confirmation of such ordinance, such municipality shall have no right to collect more per front foot than the maximum rate per front foot set forth in such ordinance, but shall pay any excess out of its general funds. The enforcement, by the state, or county, or city, of its lien for taxes or front foot assessments on any lot upon which has been levied an assessment for any improvement authorized by this Act shall not operate to discharge or in any manner affect the city's lien for said assessment; but the purchaser, at a tax sale or sale to enforce the lien of a front foot assessment for street purposes, shall take the same subject to the lien of an assessment, and if bought by the state or city, any conveyance of the title thus acquired, or any redemption, shall be subject to the lien of such assessment. Sec. 509. Assessment book; notice of assessments.

When the amount to be assessed against each lot or parcel of land for any improvement shall have been ascertained, the city engineer shall cause the same to be entered in a well-bound book prepared for the purpose, which shall show the names of the owners of the property assessed, if known, and opposite each name the description of each lot or parcel of land assessed belonging to such owner and the amount assessed against each, and shall contain appropriate columns in which payment may be credited and the lien of the assessment marked satisfied by the proper officers of the municipality; and if the name of the owner of property proposed to be assessed be unknown, said book shall contain under the head of "Owner Unknown," a list of the property to be assessed, the owners of which are unknown. After the completion of the proper entries of each improvement, said book shall be delivered to the comptroller, who shall thereupon give notice by publication in some daily newspaper of general circulation in said municipality that said book of assessment for public improvements has been delivered to him and is open for inspection at his office; and at a time and place named therein, not less than ten days from the date of publication, the legislative body of such municipality will meet to hear and determine any objection or defense that may be filed in his office by any owner of property proposed to be assessed against the said assessment. Said notice shall also state the general character of the improvement, the terminal points thereof, and the streets, alleys or other highways or portions thereof along which it is to be constructed. (Acts 1907, ch. 341, § 6; Priv. Acts 1937, ch. 123, § 18)

Sec. 510. Objections to assessments.

All persons whose property it is proposed to assess for the cost of said improvement may at any time on or before the date named in said notice and before said meeting file in writing with the comptroller of the municipality or in his office any objection or defense to the proposed assessment against his property or to the amount thereof; and at a meeting on the date named, or any date to which said meeting may be adjourned, said legislative body of said municipality shall hear and determine said objection or defense, and after so doing shall confirm, modify or set aside the assessment. If no objection or defense to the assessment or to the amount thereof is filed, or if the property owner fails to appear in person or by attorney and insist upon the same, the assessment shall be confirmed and made final. (Acts 1907, ch. 341, § 6; Priv. Acts 1937, ch. 123, § 18)

Sec. 511. When assessments due and payable; payment of assessments in installments.

All assessments levied by virtue of this Act shall be due and payable within thirty days after the assessment is made final as aforesaid, but at the election of the property owner, to be expressed by notice as hereinafter provided, said assessment may be paid in five annual installments, and shall bear interest at the rate of six per cent per annum, interest payable annually. A property owner desiring to exercise the privilege of payment by installments shall, before the expiration of the thirty days aforesaid, enter into an agreement in writing with the municipality that in consideration of such privilege he will make no objection to any illegality or irregularity with regard to the assessment against his property, and will pay the same as required by law with the specified interest. Such agreement shall be filed in the office of the comptroller of the municipality, and in all cases where such agreement has not been signed and filed within the time limited, the entire assessment shall be payable in cash without interest before the expiration of said thirty days; provided, that any property owner who shall have elected to pay his assessment in five annual installments

shall have the right and privilege of paying up the assessment in full at any installment period by paying the full amount of the installments, together with all accrued interest thereon. Should such property owner elect to pay off his installments in full between the installment periods, all assessments or installments thereof shall be payable to the city tax receiver or treasurer, whose duty it shall be to receive the same and give proper credits therefor and enter the proper credit and satisfaction. (Acts 1907, ch. 341, § 7; Priv. Acts 1937, ch. 123, § 18)

Cross reference—Additional authority to permit installment payment of assessments, § 836.

Sec. 512. Default in payment of assessments; sale of property under lien; period within which property may be redeemed.

Upon default for the period of thirty days in the payment of any installment and interest, the entire unpaid assessment shall immediately become due and payable and the lien thereof foreclosed and collection enforced by the municipality.

The property thus sold may be redeemed at any time during a period of two years after said sale by paying costs, penalties and interest having accrued on account of said sale. (Acts 1907, ch. 341, § 8)

Sec. 513. Certificates of indebtedness.

After the construction of any improvement shall have been finally ordered and entire cost thereof estimated, the legislative body shall have the power and authority, for the purpose of providing means to pay the expense of said improvement, to order the issue of and issue and sell, at not less than par, certificates of indebtedness at an amount not to exceed three-fourths of the estimated cost of said improvement. Said certificates shall be negotiable, payable to bearers, and shall have attached thereto coupons for the interest thereon, and shall be payable in lawful money of the United States and be in such form as may be provided in the ordinance directing such issue.

The certificates shall run for one, two, three, four and five years, and bear interest at the rate of six per cent per annum, payable semiannually, at such place or places as may be named therein, and shall be in such denominations as said legislative body may direct. Any certificates of indebtedness issued hereunder shall be payable at the option of the municipality at any interest-paying period.

In the event such municipality should elect to pay off any such certificate in full at any interest period, it shall pay as a bonus to the holder thereof a sum equal to one-half of the annual interest thereon for one year; provided, however, that said legislative body shall give public notice before such interest period by publication three times, once a week for three consecutive weeks, in a daily paper published in such municipality, the first publication to be not less than thirty days prior to the interest period of said certificates proposed to be redeemed, stating its intention to redeem the same and describing the same by number and series. They shall state on their face the caption and number of the ordinances under which said improvement is constructed, and said ordinance shall state the general character of the improvement, to pay for which they shall be issued, and the terminal points thereof, and the streets, highways or alleys or parts thereof along which the improvement is to be constructed as hereinbefore provided. They shall be issued under the corporate seal of such municipality, and the certificate shall be signed by the comptroller of said municipality; and the coupon shall bear the facsimile signature of said comptroller; provided, however, that the validity of said certificates shall be in no wise affected by reason of any defect in the form thereof or any omission therefrom.

The proceeds arising from the sale of said certificates or so much thereof as may be necessary shall be applied exclusively to the payment of the cost of the improvement to pay for which said certificates were issued; but if there should remain any surplus after paying such cost, the same shall be and become a part of the fund pledged for the payment of said certificates; provided, however, that the legislative body of such municipality may borrow money and advance the same for the construction of such work and improvement; and after the completion of such work and assessment of the cost hereof shall have been made final, the said legislative body may then issue and sell certificates, as hereinbefore provided in such amounts as may be necessary to pay two-thirds of the cost of said improvements, including such amounts as may be borrowed for that purpose, and all interest and other expenses so incurred for the construction of said improvements as hereinbefore provided shall be charged and assessed as a part of the cost of such improvements upon the property assessed for the same. But said legislative body may provide in the ordinance ordering the improvements to be constructed or in the agreement with the contractor by whom it is done for the issue of all or a part of such certificates directly to the contractor at not less than par value in part or in full payment of the contract

price, in which case the certificates shall be delivered to the contractor upon completion and acceptance of the work and allowance of the final estimate. (Acts 1907, ch. 341, §9; Priv. Acts 1937, ch. 123, § 18)

Cross reference—Applicability of 1949 amendment to issuance of certificates of indebtedness, § 505.1.

Sec. 514. Issuance of bonds in lieu of certificates of indebtedness.

Instead of issuing certificates of indebtedness as provided in section 513 hereof, the legislative body of the city shall have the power, at their option, to issue negotiable bonds of the municipality to an amount in par value not to exceed two-thirds of the estimated cost of any improvement or improvements, which cost shall for this purpose be estimated by the legislative body in the ordinance authorizing the issue of said bonds. Such bonds shall be made payable to bearer in lawful money of the United States, either at the office of the treasurer of the municipality or at such other place in the United States as may be designated in the bond, and be in such form and signed by such officers as may be provided in the ordinance directing their issue.

Coupons may bear facsimile signature or signatures. In case any of such officers whose signatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of the bonds. The bonds shall run for one, two, three, four and five years, and bear interest at a rate not exceeding six per centum per annum, as may be designated in the bonds, payable semiannually, and such bonds shall be of such denomination as the legislative body may direct. The municipality may, in its discretion, in such ordinances provide that any bonds shall be payable at the option of the municipality at any interest-paying period; and in the event of bonds being thus made payable at the option of the municipality before maturity, and in the event that the municipality shall elect to pay any such bond in full at any interest period before its maturity, it shall pay as a bonus to the holder thereof a sum equal to one-half of the annual interest thereon for one year; provided, however, that the legislative body shall give public notice before any such interest period by publication three times once a week for three consecutive weeks in a daily newspaper published in such municipality, the first publication to be not less than thirty days prior to the interest period at which it is proposed to redeem the bonds, such notice stating the intention to redeem the bonds, and describing them by number and series. The municipality shall have no right or option to pay any bonds prior to maturity unless such right or option is expressly reserved in the bonds.

Said bonds shall be sold at public or private sale at not less than par and accrued interest. Such bonds shall be the absolute and general obligation of the municipality. The legislative body of the municipality shall provide by ordinance that the assessments levied upon the property abutting on the streets, alleys or highways, or part or parts thereof, in respect of which any such bonds are issued, shall be set apart as a fund for the payment of such bonds and interest. It shall be the duty of the legislative body of the municipality to levy an ad valorem tax upon all the taxable property in the municipality to pay the principal and interest of said bonds as it becomes due, or to pay such part or parts thereof as are not provided for by the assessments levied and actually collected and in the treasury of the municipality set apart for the payment of such bonds and interest. Such tax shall be in addition to all other taxes which such municipality is by law authorized to levy.

Any ordinance authorizing the issuance of any such bonds may be passed by both branches of the legislative body, if there be two branches, in joint session, upon two readings, one reading being on each of two separate days, the ordinance to be approved by the mayor or passed over the veto of the mayor by a vote of not less than two-thirds of the total number of members-elect of the joint session, and neither such ordinance nor the bill for the same need be published at any time before passage; and after passage the ordinance need be published only once in some daily newspaper published in the municipality. Such ordinance may, in the discretion of the legislative body, provide for the issuance of bonds in one lot or amount in respect of any one or more of such improvements on one or more streets, alleys or highways, or part or parts thereof, and may, in the discretion of the legislative body, provide that any assessments levied in respect of any such improvement or improvements, on one or more streets, alleys or highways, or part or parts thereof, may be applied as a whole toward payment of such entire lot or amount of bonds or interest thereon; and it shall not be necessary that each assessment for each separate improvement shall be kept separate and applied to the bonds issued in respect of that particular improvement.

After the passage of any ordinance authorizing the issue of bonds, any proceedings authorizing the advertisement or sale or award of the bonds may be taken by order made at a joint session of the two branches of the legislative body, if there be two branches, and need not be by ordinance. No proceeding on the part of any such municipality in respect to

the issuance of such bonds shall be necessary, except such proceedings as are required by this Act. Any such bonds may, in the discretion of the legislative body of the municipality, be issued in substantially the following form, or in such other form as the legislative body of the municipality may from time to time prescribe: (Here follows the form of bond and of coupon.)

If the municipality reserves the right or option to pay off said bonds before maturity, such right or option shall be expressly reserved in the bonds, and the language of such reservation inserted in such case in the bond may be substantially as follows, or in any other appropriate language: (Here follows form of option to retire before maturity.) (Acts 1907, ch. 341, § 9; Acts 1909, ch. 109, § 5)

Sec. 515. Proceeds from collection of assessments to constitute separate funds; funds pledged for payment of certificates and interest coupons.

The proceeds arising from the collection of assessments levied for each improvement shall be and constitute a separate and distinct fund, and each such fund, together with its accumulations, is hereby pledged for the payment of the certificates and interest coupons issued for the improvement, from the assessment of which said fund arises, and shall be applied exclusively to the payment of said certificates and coupons. (Acts 1907, ch. 341, § 10)

Sec. 516. Treasurer to keep separate accounts of funds arising from assessments; proceeds not to be diverted; disposition of surplus; payment of contractors and reimbursement of general funds of city of amounts borrowed.

It shall be the duty of the treasurer (or tax receiver) of such municipality to keep an accurate account of all funds arising from all assessments for public improvements under this Act, and to carefully and accurately keep a separate account of the funds arising from the collection of assessments for each particular improvement, and no proceeds arising from assessments levied for one improvement shall be diverted to the payment of the certificates issued for any other improvement or to the payment of any other indebtedness of such municipality; provided, however, that if at any time the account of any particular fund shall exceed the amount of any outstanding certificates and interest entitled to payment out of such fund after the payment of any sum that such municipality may have advanced or borrowed for the purpose of constructing said improvement, the legislative body of said municipality shall apply such surplus to the redemption of certificates issued for such improvements as hereinbefore provided, and all certificates so redeemed shall be cancelled; provided, further, that said legislative body shall have the power after the expiration of sixty days from the date of the final assessment for any improvement, if no certificates of indebtedness for said improvement have been issued and sold, to order the payment out of the proper fund to the contractor who constructed the improvement of all or any part of the assessment for said improvement previously collected, or to reimburse from said collection the general funds of the city to the extent of any money advanced out of the general fund or borrowed to pay the cost of said improvements, and to issue and sell certificates as hereinbefore provided, either to the contractor in full settlement or to others, to an amount not exceeding the balance due the contractor and the general fund of the city or borrowed for such purpose. (Acts 1907, ch. 341, § 10)

Sec. 517. Disposition of surplus above cost of improvement.

If there shall be any surplus arising from the sale of certificates issued for any improvements above the cost of said improvement, said surplus shall be and become a part of the fund levied for said improvement, and shall be kept and applied in the manner as said fund is herein required to be kept and applied. (Acts 1907, ch. 341, § 10)

Sec. 518. Proceeds to be kept in depository in separate account.

All proceeds arising from the collection of assessments levied for an improvement shall as soon as collected be deposited by the city treasurer or tax receiver in some bank designated by the legislative body of such city, and such collection shall not be deposited with the general funds of the city, but shall be considered a separate deposit to the account of "public improvement," and shall be drawn out on checks or order directing the amount designated therein to be paid out of the public improvement fund. (Acts 1907, ch. 341, § 10)

Sec. 519. Liability of treasurer, and commissioners for misappropriation of funds.

The city treasurer (or tax receiver) shall be liable on his official bond to any holder of the certificates of indebtedness authorized by this Act for any loss or injury to such certificate holder caused by the diversion by said officer of any fund or part thereof to the payment of any bond, certificate of indebtedness, or interest coupons or indebtedness of the city other than the certificates and interest coupons and indebtedness herein authorized to be paid out of said fund, or by the use or misappropriation by said officer of any part of the fund out of which said certificates are required and contemplated herein to be paid for any other purpose than herein provided for or for the benefit of the city or others; and all members of said legislative body who shall by their vote or in any other manner cause, aid, or encourage any such diversion, use or misappropriation of the fund out of which the certificate holders are entitled to be paid for any other purpose than that authorized and required herein whereby loss or injury to the certificate holders or any of them is caused, shall be jointly and severally liable to such certificate holders injured to the extent of such loss or injury. (Acts 1907, ch. 341, § 10)

Sec. 520. Redemption of certificates.

When the amount of the fund arising from the collection of assessments levied for any improvement shall, with its accumulations, equal the amount of the outstanding certificates and accrued interest entitled to payment out of such fund, the legislative body of such municipality shall have authority to redeem any and all certificates that may be presented for redemption at such time thereafter as the holders may desire to present them for redemption. (Acts 1907, ch. 341, § 11)

Sec. 521. Sale of delinquent property to satisfy assessments.

Such legislative body shall have authority to sell all property against which an assessment has been levied at any time after said assessment shall have become due to satisfy the same, together with all costs, and such sale shall be governed as to notice, terms, costs and in all other respects, except as to the time of sale, by the laws and ordinances of such municipality now in force or which may hereafter be enacted, providing for the sale of real estate for city taxes. But such legislative body shall have power to adopt other and different laws and ordinances governing and regulating such sales of real estate for said assessments, and in addition to such remedy by sale for the enforcement of the collection of said assessment, the lien of said assessment, irrespective of the amount thereof, may be foreclosed by a proceeding instituted in any court of competent jurisdiction, and in all such proceedings and number of persons, the assessments against whose property are in default, may be joined as defendants; provided, that after maturity of any of the certificates of indebtedness issued for any improvement the holders of the outstanding certificates or any of them may maintain a bill of equity in his or their name to foreclose the lien of said assessment, irrespective of the amount thereof, and may recover interest, costs and reasonable attorneys' fees; and in such bill any number of persons, the assessments against whom are in default, may be joined as defendants. (Acts 1907, ch. 341, § 15)

(Acts 1907, ch. 341, § 16)

Cross reference—Condemnation generally, § 457 et seq.

Sec. 526. Authority of city to set off price of property purchased or condemned against assessments.

In any improvement projected under the terms of this Act, or any amendments hereto, said legislative body shall have full power and authority to set off and apply the purchase price of any lands, rights or easements purchased or taken by said municipalities, toward the payment and discharge of the assessments levied against the abutting realty adjoining the property purchased or taken as authorized in this section. Should the purchase price of the property taken be ascertained prior to the fixing of the assessments, or prior to the election of the property owner to pay same in annual installments as provided in section 511 hereof, same shall be deducted from the assessment as a whole; and, if said purchase price be ascertained subsequent to the election of the property owner to pay same in annual installments, the aforesaid purchase price of property taken shall be applied and set off against the unpaid assessments, the purchase price to be divided according to the number of unpaid installments and applied equally toward the satisfaction of each unpaid installment. (Acts 1907, ch. 341, § 18; Priv. Acts 1925, ch. 512; Priv. Acts 1949, ch. 495, § 1)

Sec. 529. Reserved.

Editor's note—Former section 529, derived from Acts 1909, ch. 109, § 6, has been omitted as obsolete. It related to procedural matters when the legislative body consisted of two branches.

Sec. 530. Misdescription of assessed land.

In case a lot or parcel of land against which any assessment has been or shall be made or attempted to be made, as provided for in section 6 [section 509 herein], or other parts of said chapter 341 of the laws of 1907, or said chapter 341

as amended by this Act, is not fully described in any assessment book, ordinance or notice, or in any other place or proceeding, then in order to fix the identity of the lot or parcel, reference may be had to any plot, petition or other document or paper on file in the proceedings for making the improvement or for the assessment of the land, or evidence aliunde may be heard, and vagueness of description or misdescription or want of description shall not defeat the lien on any lot or parcel of land for its proportion of the assessment for any such improvement on the street, alley or highway, or part or parts thereof abutting on such lot or parcel of land. (Acts 1909, ch. 109, § 7)

Sec. 531. Cost of relaying or repairing pipes, etc.

In case, in the opinion of the legislative body, it becomes necessary or proper in the making of any such improvement on any street, highway or alley, or part or parts thereof for the municipality, either itself to relay, or through a water company to cause to be relaid, any water pipe, or to lay new water pipes, or it becomes necessary or proper for the municipality to relay sewer drains or build new sewers, or for water or sewer connections to be repaired or replaced, or otherwise reconstructed or improved, or it becomes necessary or proper to provide for drainage or oiling of the street improvement, or it becomes necessary or proper to make other improvements, then the cost of any and all such improvements or any part thereof may, in the discretion of the legislative body, be included in the cost of improvement, one-half of which cost may be assessed against the abutting property as provided in Acts 1907, chapter 341, as amended. (Acts 1909, ch. 109, § 8; Priv. Acts 1925, ch. 512; Priv. Acts 1949, ch. 495, § 1)

Sec. 532. Levy of ad valorem tax to pay principal and interest of certificates and bonds.

In the event of the issuance of bonds as in this Act provided, or in the event of the issuance of certificates of indebtedness, as provided in said chapter 341 of the Acts of 1907, or as provided in said chapter 341 as amended by this Act, or in the event of the issuance of some bonds and some certificates of indebtedness, the power and authority to levy assessments as provided in said chapter 341 of the Acts of 1907, or as provided in this Act, as the case may be, shall continue to exist, and the proceeds arising from the collection of assessments shall be and are hereby pledged for the payment of such bonds and interest or such certificates and interest, as the case may be, and shall be applied to that purpose. It shall be the duty of the legislative body of the municipality to ascertain in due season, in advance of the time for the payment of the principal or interest, or both of any and all such certificates of indebtedness already issued or hereinafter issued, and in advance of the time for the payment of the principal or interest, or both, of any such bonds, whether or not there is or will be sufficient moneys provided by the assessments levied and actually collected and in the treasury of the municipality set apart for the payment of the principal and interest of such certificates of indebtedness and bonds as the same, respectively, from time to time become due; and it shall be the duty of the legislative body of the municipality in due season, in advance, to levy an ad valorem tax upon all the taxable property in the municipality sufficient to pay the principal and interest of such certificates and such bonds as they respectively become due from time to time, or to pay such part or parts thereof as are not or will not be fully provided for by the assessments levied and actually collected and in the treasury of the municipality in season for the payment of the principal and interest of such certificates of indebtedness and bonds as the same, respectively, from time to time become due. In case the municipality shall levy and collect ad valorem taxes for the purpose of paying the principal and interest of any certificates of indebtedness or bonds, or any part thereof, the municipality shall nevertheless have the power and authority to proceed with the levy and collection of assessments, and such assessments or part thereof sufficient for the purpose shall be paid into the treasury of the municipality to reimburse the treasury for the amount thus paid out of such ad valorem taxes, and such money thus reimbursed to the treasury shall be used under the direction of the legislative body of the municipality for any lawful corporate purpose for which ad valorem taxes may legally be levied and collected. (Acts 1909, ch. 109, § 9)

Cross reference—Taxation generally, § 752 et seq.

Sec. 533. Noncompliance with law not to affect validity of certificates and bonds; validation of certificates previously issued.

Any failure on the part of any municipality to comply with any of the provisions of said chapter 341 of the laws of 1907, or said chapter 341 as amended by this Act, and any failure in the existence or performance of any of the conditions precedent to the issuance of any certificates of indebtedness or bonds under said chapter 341, or under said

chapter 341 as amended by this Act, shall not affect the validity of such certificates of indebtedness or bonds or of the assessments made under said chapter 341, but the same shall be in all respects valid and binding.

Any certificates of indebtedness heretofore issued or hereafter issued under said chapter 341, or said chapter 341 as amended by this Act, shall be and are hereby declared to be the absolute obligations of the municipality by which issued. In the event that for any reason the amount of the assessments levied and actually collected and set apart in the treasury of the municipality for the payment of the principal and interest of any such certificates of indebtedness shall not be sufficient to make such payment, the legislative body of the municipality shall be and is hereby authorized and directed to levy and collect, in addition to all other taxes authorized by law, an ad valorem tax on all the taxable property in such municipality sufficient to provide for the payment of the principal and interest of such certificates as the same become due. (Acts 1909, ch. 109, § 10)

Sec. 534. Entire cost may be assessed upon petition of property owners.

In the event a petition be presented to the legislative body of the municipality averring the willingness of each of the signers to pay his or her pro rata share of the entire cost of any improvement such as is authorized by this Act and relieves the municipality from the payment of any part thereof as to any street, highway or alley, or part or parts thereof, which petition is signed by the owners of at least seventy-five per centum of the frontage of the lots or parcels of land abutting on such street, highway or alley, or part or parts thereof proposed to be thus improved, such petition may be granted by the legislative body and thereupon proceedings may be had under this Act the same in all respects as if the improvement had been begun by the legislative body of its own initiative, and bonds or certificates of indebtedness may be issued, and assessments may be made, except that the assessments shall, in such event, be made for the entire cost of the improvement, and bonds or certificates of indebtedness may be issued for the entire cost instead of assessments being made for only three-fourths [one-half] of the cost thereof; and bonds or certificates of indebtedness being issued for only two-thirds of the cost thereof; provided, that no assessment under this section shall in any event exceed on any lot two-thirds of the assessed value thereof for city taxes for the year in which the lien against the lot attaches, and all other provisions of said chapter 341 as amended by this Act shall be applicable in respect of any improvement made under this section, except as in this section otherwise expressly provided. This section is hereby declared to be separate from the remainder of the Act, and the validity or invalidity of this section shall not affect the remainder of the Act. (Acts 1907, ch. 341, § 19; Acts 1909, ch. 109, § 12; Priv. Acts 1925, ch. 512)

Sec. 535. Authority of city to do work with own forces.

It shall not be necessary for the improvements under this Act to be done under contracts let accordingly to the requirements for letting other contracts of the municipality carrying on said improvement, but the municipality may, if the ordinance directing said improvement so states, do all or any part of said improvement by labor hired by the municipality, and with materials purchased as other municipal purchases are required to be made. (Priv. Acts 1913, ch. 244, § 3)

Sec. 536. City to have lien for improvement.

When an ordinance for the improvement of any street, alley or highway shall have been duly passed and confirmed, the municipality shall have a lien upon all property abutting on said street, alley or highway so improved for its pro rata cost of said improvement, the amount of said lien to be determined and assessed against said property as now provided by law. (Priv. Acts 1913, ch. 244, § 4)

Sec. 537. Notice of improvement to contain estimate of cost of every item to be expended.

The notice of the adoption of an ordinance for the improvement of any street, alley or highway shall contain an estimate of the cost of every item to be expended in said improvement, and no item not embraced in said estimate shall be assessed as part of the cost of the improvement, except the 10 per cent charge for the general supervision an unitemized expense of the city, which shall in all cases be in such estimate and embraced in said assessment without being itemized or set out in detail. The amount of the estimated cost of any item shall not control or affect the amount to be assessed for said item if the cost thereof shall not exceed by more than 10 per cent the amount as estimated. If the bids received for said improvement shall exceed by 10 per cent or more the amount estimated for any item it shall be the duty of the legislative body of the municipality to pass a new ordinance for said improvement or abandon same, or

in default of such action, to pay the amount expended upon any item in excess of said estimate. (Priv. Acts 1913, ch. 244, § 5)

Any objections against the making of said improvements or improvement not presented in person or by attorney prior to the confirmation of said ordinance shall be considered as waived, and if said protest or objections shall be made and overruled, the finding of the legislative body of said municipality shall be the final adjudication of the issues presented and determined, unless proper steps shall be taken in court of competent jurisdiction to review said finding within thirty days. A protest of property holders shall not inure to the benefit of any property holder not signing the same in person or by attorney. (Priv. Acts 1913, ch. 244, § 6)

Sec. 539. Effect of failure to object to amount of assessment.

No ground of protest shall be made against the confirmation of the assessment which by law is required to be made before the confirmation of the ordinance and any ground of protest not made shall be considered waived. The judgment overruling a protest shall be treated as the final judgment of an inferior tribunal and reviewable only as such. The protest of other property holders shall not inure to the benefit of those not protesting. (Priv. Acts 1913, ch. 244, § 7)

Sec. 540. Widening, extending or connecting streets.

In any case where any municipality shall desire to extend any existing street, alley or highway, so as to connect with any other existing street, alley or highway, or shall desire otherwise to extend any existing street, alley or highway, or to widen the same, the said municipality shall, in the ordinance providing for such improvement, designate the portions of such existing streets, alleys or highways, and the portions of the extension and extensions of such streets, alleys or highways upon which, in the judgment of the council or other governing authorities of said municipality, the abutting property receives a special and peculiar benefit from said improvement, whether the said portions of said streets, so designated, shall abut the physical improvements or not and one-half of the total cost of the following items incident to said improvement, to-wit:

(d) *Moving or altering buildings.* The cost of moving or altering any store or other structures shall be assessed against the property abutting upon the said portions of said streets, alleys or highways or designated by said ordinance as receiving a special or peculiar benefit from said improvement, according to the frontages of the several lots or parcels of land abutting upon the portions of said streets, alleys or highways so designated and the remaining one-half of the cost of said items above enumerated shall be borne by said municipality.

(e) *(Abutting property assessment.)* One-half of the cost of grading, paving and of all other expense incident to such improvement excepting the items (a), (b), (c), and (d) above-mentioned, shall be assessed against the property abutting the physical improvements, consisting of the opening, extending or widening of said streets, alleys, or highways in proportion to the frontages of the several lots or parcels of land thus abutting upon the said physical improvements and the remaining one-half of the expense of said items shall be borne by the municipality. (Priv. Acts 1919, ch. 765, § 1; Priv. Acts 1925, ch. 512; Priv. Acts 1949, ch. 495, § 1)

Sec. 541. Manner of making improvements under amendment; construction of Act.

The improvements made under this amendment shall be made in all respects in the same manner as other improvements are now authorized to be made, and the proceedings for the passage of ordinances and filing of protests thereunder and review thereof, shall be the same as now provided by existing laws except so far as modified by this amendment.

This Act shall not be construed as repealing or limiting any existing powers possessed by any municipality by virtue of said chapter 341 of the Acts of 1907, and the amendments thereof, prior to this amendment, but the powers herein granted shall be in addition to powers already possessed. (Priv. Acts 1919, ch. 765, §§ 3 and 4)

Sec. 546. Authority to establish and purpose of districts.

The council or other governing authority of any municipality in this state having a population of one hundred sixty thousand (160,000) or over by the Federal Census of 1920, or any future Federal Census, is hereby vested with the jurisdiction, power and authority to establish an improvement district or districts, for the purpose of opening new streets, alleys or highways, extending or widening existing streets, alleys or highways, or connecting existing streets, alleys or highways, and acquiring the necessary property therefor by condemnation or otherwise, paving, curbing, macadamizing, guttering, grading said streets, alleys or highways, paying for all property acquired and for all damages to any property by the change of grade or otherwise, paying for all plumbing, water and other connections damaged, the moving of any houses, buildings and any damage thereto and the removal of trees, fences, retaining walls and other structures, and the paying of all legal expenses, court costs, engineering fees, paying for all printing, advertising, clerical help, collections of funds, loans or interest on money advanced, stenographer's charges, abstracts, plats, accountants, and in general the expenses of supervising, directing and controlling the work of improvement; paying the cost of bridges, culverts, and any structures, upon which the street, alley or highway is carried over any bayou, creek or drain, paying for the costs of removing, altering or relaying any tracks of any person or corporation to whom the city is under any legal obligation to relay said tracks, and in general paying for all costs of said improvement, of any kind or character whatever. (Priv. Acts 1923, ch. 426, § 1)

Sec. 547. City engineer's plan and statement.

Before the governing authority of any municipality shall establish [an] improvement district or districts, the city engineer of said municipality shall file in the office of the comptroller of said municipality a plan setting forth the body or district of land or streets, alleys or highways or parts thereof described by metes and bounds or otherwise so as to convey an intelligible description of such lands sought to be improved by the opening of new streets, alleys or highways, the extension or widening of any existing streets, alleys or highways or the connection of existing streets, alleys or highways.

Accompanying such plans shall be a statement of the reason for said improvements and the nature thereof, which said statement shall set out the nature of the land to be improved and the nature of the improvement, whether by extending or widening existing streets, alleys, or highways, opening new streets, alleys or highways, or connecting existing streets, alleys or highways, and the approximate amount of paving, curbing and guttering to be done thereon and stating the starting point, the route and the terminal of said improvements.

Said plans shall show, as near as may be, the nature of improvement with such drawing or drawings as will indicate a general idea of the nature or character of said improvement; but no variance between the plan and the description of the improvement which does not materially alter or change the nature of the improvement shall vitiate any of the proceedings or the assessment for the improvement. (Priv. Acts 1923, ch. 426, § 2; Priv. Acts 1937, ch. 123, § 18)

Sec. 548. Protests against plan; notice of hearing; filing of objections; adoption, rejection or modification of plan.

After such plans and description have been filed, the governing authorities of such municipality shall, at some regular meeting within thirty days thereafter, determine whether or not said plans shall be adopted. The governing authorities of said municipality shall by proper resolution appoint the time and place [at] which the said governing authorities will meet to hear protests, if any, against the making of said improvement.

Said time shall not be less than twenty days from the passage of said resolution; and due notice of such hearing shall be given by the comptroller by at least four publications in some daily paper in said city, the last of which shall be at least five days before the date of the meeting.

Said notice shall state the general character of the improvement and the metes and bounds thereof.

Any person desiring to object to said improvement shall file his objection with the comptroller in writing on or before the date of hearing, and at the time fixed for the hearing shall appear in person or by attorney and present his objections to the said governing authorities.

Said governing authorities shall have the power to adopt, reject or modify said plans; and if said plan is adopted or modified and said modifications do not so materially alter the plan as to make it substantially a new plan, then the governing authorities shall proceed further with said work as hereinafter provided. (Priv. Acts 1923, ch. 426, § 3; Priv. Acts 1937, ch. 123, § 18)

Sec. 549. Detail plans showing cost.

After said plans as originally drawn or modified have been adopted, the governing authorities shall direct the city engineer to make detail plans, showing the cost of each item of construction as estimated by said city engineer, which said plans shall be filed with the comptroller within sixty days of the adoption of said general plans of work. (Priv. Acts 1923, ch. 426, § 4; Priv. Acts 1937, ch. 123, § 18)

Sec. 550. Viewers and assessments generally.

At the first meeting after said plans are filed it shall be the duty of the governing authorities of said municipality to appoint five viewers, who shall be free-holders of said municipality and not interested in any property to be improved in said district embraced in the plans.

These viewers shall be duly sworn by the mayor to make an investigation of all the property affected by said improvement and embraced in the district, and shall file a report in writing with the comptroller which shall show, first, the fair market value of all property which is to be taken in making said improvements; second, the damage to any property affected by said improvement, less any particular benefit received by said property; third, the proportions in which the various plots or parcels of ground in said district are to be assessed, which said proportions shall be ascertained by determining the benefits derived by each piece of ground from said improvement and assessing same

accordingly, the said valuation to show in percentages the amount to be borne by each piece of land according to its value; provided, however, that only two-thirds of the total cost shall be so assessed against the property within the districts and the remaining one-third shall be paid by the municipality, and in making said assessment the viewers shall determine what particular plot or plots shall be regarded as a unit and assess all others according to their proportionate improvement as compared to said unit. (Priv. Acts 1923, ch. 426, § 4; Priv. Acts 1937, ch. 123, § 18)

Sec. 551. Filing of viewers report; engineer to file estimate of cost; elements of cost.

Said report must be filed with the comptroller within sixty days from the appointment of said viewers, and within fifteen days after said report is filed, the city engineer shall file with the comptroller an estimate which shall set forth the amount to be borne by each particular piece of land, the cost of said improvement in which said estimate shall be included, the following items, to-wit:

The cost of all labor and material necessary to do the improvement contemplated.

The cost of all property to be acquired and all damages to be paid.

The cost of all proper supervision of said work, which may be done by engineers hired for that purpose by the engineering department of said municipality; and if said work is done by the engineering department of the municipality the cost thereof shall be ascertained by adding to the cost of labor and materials, ten per cent of the amount thereof which sum shall be conclusively held to be the entire cost to said municipality of said engineering and of all the costs of collecting and clerical work connected with said improvement; the cost of the viewers in determining damages and the value of the property taken, court costs, and the expense of litigation, and in general, all expenses incurred on account of said improvement.

The cost of abstracts, plans, advertisement, collections and clerical help shall also be charged unless the engineering work is to be done by the municipality, in which event these items shall be embraced in the ten per cent above set out. (Priv. Acts 1923, ch. 426, § 4; Priv. Acts 1937, ch. 123, § 18)

Sec. 552. Complaints against values fixed or assessments; notice of hearing; failure to appear; confirmation or modification of report; right of appeal to circuit court.

Within ten days after the filing of said engineer's estimate of the cost of assessment, the governing authority of said municipality, shall by proper resolution, fix a time and place not less than twenty days from the date of said resolution, for the hearing of complaints against the value fixed for property to be taken as damages to property or the assessment to be made upon any property.

Due notice of said hearing shall be given by at least six publications made in some newspaper in said municipality, which said notice shall set out the estimated cost of said improvements and the fact that the detail estimate and the assessment against each piece of property has been filed, and notifying the property holders to appear and make their protest at the time and place appointed and setting out the metes and bounds of said improvement district and the nature and character of said improvement. Any person objecting to the fixed value upon his property as [or] the amount ascertained as the damages thereto or the assessment thereon shall file his objections in writing on or before the time fixed for said hearing, and appear in person or by attorney at said hearing and present his objections.

Any person failing to appear shall be considered as accepting the amounts fixed in the reports as the values of their property, the damages to or the assessments thereon.

The governing authorities of the municipality shall hear all complaints made and confirm or modify the reports in accordance therewith.

Any person dissatisfied with the award of the governing authority of said municipality shall, within ten days file a certiorari to the circuit court of the county in which said municipality is situated, for the purpose of reviewing said holding; and unless said certiorari is filed, the finding of the governing authority shall be final both as to value of the property taken and the damages thereto and as to the maximum amount of the assessment to be borne by said property. (Priv. Acts 1923, ch. 426, § 5)

Sec. 553. Viewers' findings on damages and values not to be increased.

In no event shall the district be charged with any greater sum than the amount fixed by the viewers as to the damage to, or the value of, the property. (Priv. Acts 1923, ch. 426, § 6)

Sec. 554. Statement of cost after completion of work; reduction of assessments.

After the work in any improvement district shall have been completed, the city engineer shall file with the comptroller a statement, showing the complete and detailed cost of said work, including all of the items embraced in the estimate. If the said statement shows the cost of the work to have been less than the estimate, then the assessment on all of the property in said district shall be reduced proportionately; but if the statement shows a greater cost than the estimate, the assessment as previously made shall stand, and the excess shall be borne by the municipality. (Priv. Acts 1923, ch. 426, § 7; Priv. Acts 1937, ch. 123, § 18)

Sec. 555. Maximum assessment; resolution of confirmation; publication of resolution; when assessment due and payable; lien.

If the amount assessed against any piece of property shall be greater than one-third of its assessed value for city taxation in the year when the first assessment against said property was filed, then the assessment upon said property shall be reduced so as not to be greater than one-third of the assessed values, and the municipality shall pay the excess. Within ten days after said final statement of cost has been filed, the governing authorities of the municipality shall, by proper resolution, confirm said assessment, and the same shall thereupon become a lien upon all the property in said district for the amount assessed against it. The said resolution of confirmation shall be published three times subsequent to its passage, in some newspaper in said municipality, and the property holders shall have thirty days from said last publication in which to pay the assessment in full or sign a contract to pay the same in installments. (Priv. Acts 1923, ch. 426, § 7)

Sec. 556. Assessment book; payment of assessments in installments.

The assessments for any district shall be written in a well-bound book, which shall show the amount assessed against any property in said district, with appropriate columns to credit the payment of said assessment. Any property holder who desires to do so may, within the thirty days allowed for so doing, sign said assessment book, agreeing to pay the said assessment in five annual installments, together with six per cent interest on each of said installments, until paid.

If said installments are not paid when due, then all of the said sums shall become due and collectible as hereinafter provided. (Priv. Acts 1923, ch. 426, § 8)

Cross reference—Additional authority to permit installment payment of assessments, § 836.

Sec. 557. Procedure for enforcement of lien.

The lien hereby credited [created] on any property in any improvement district shall be collectible by a suit in the chancery court, or may be enforced as a lien for city taxes is enforced by a sale of said property. If suit is filed in the chancery court, any number of pieces of property may be embraced in one suit; and if a lien is enforced as city taxes are enforced, the proceedings shall be those provided by existing statutes and laws for the collection of city taxes at the time said sums become due. (Priv. Acts 1923, ch. 426, § 9)

Sec. 558. Authority of city to issue bonds; amount not to exceed estimated cost.

The governing authorities of such municipalities shall have the right and power to issue negotiable bonds of the municipality to any amount in par value not to exceed the amount of the estimated cost to be paid by the owners of property other than the city in such improvement district as said estimated cost is determined and fixed after all preliminary steps have been taken and the work is ready to be begun. (Priv. Acts 1923, ch. 426, § 10)

Sec. 559. Where bonds payable; form and signature; coupons.

Such bonds shall be payable to bearer in lawful money of the United States at such place or places as may be designated in the bonds and be in such form and signed by such officers as may be provided in the ordinance directing their issue. Coupons may bear a facsimile signature or signatures; and in case any of such officers whose signatures appear on said bond or coupon shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until delivery of the bonds. (Priv. Acts 1923, ch. 426, § 10)

Sec. 560. When bonds to mature; interest rate; denominations; sale; assessment levy to be set apart as fund for payment of bonds and interest; levy of ad valorem tax to pay principal and interest.

The bonds shall run, one, two, three, four and five year and bear interest at the rate of not exceeding six per cent per annum, as may be designated in the bonds, payable semiannually; and such bonds shall be of such denomination as the legislative body may direct. Said bonds shall be sold at public or private sale at not less than par and accrued interest, and shall be the absolute and general obligation of the municipality. The governing authorities of said municipality shall provide by ordinance that the assessment levied upon property in said improvement district in respect of which any such bonds are issued shall be set apart as the fund for the payment of such bonds and interest; and it shall be the duty of the governing authorities of the municipalities to levy, in addition to all other taxes which said municipality is by law authorized to levy, an ad valorem tax on all the taxable property in said municipality to pay the principal and interest on such bonds as they become due, or to pay such part or parts thereof as are not provided for the reassessment levied and actually collected and in the treasury of the municipality set apart for the payment of such bonds and interest. (Priv. Acts 1923, ch. 426, § 10)

Sec. 561. More than one improvement may be included in single bond issue.

Such ordinances for the issuance of bonds shall be passed, and the municipality may, in its discretion, provide for the issuance of bonds in one lot or amount in respect to any one or more of such improvements, and may provide that any assessment levied in respect to all such improvements may be applied as a whole towards the payment of the entire lot or amount of bonds or interest thereon. (Priv. Acts 1923, ch. 426, § 10)

Sec. 562. Proceedings required; irregularities not to affect validity of bonds.

No proceedings on the part of said municipality in any respects to the issuance of said bonds shall be necessary, except such proceedings as are required by this Act. The failure in the existence or performance in any of the conditions precedent to the issuance of said bonds shall not affect the validity of said bonds, but the same shall be in all respects valid and binding. The levy by the municipality of any ad valorem tax shall not prevent the collection of the assessment levied for the improvement district for which the bonds were issued; but said assessment shall remain and be collected, the proceeds thereof to be devoted to reimbursing the municipal treasury for the amount paid out under said ad valorem tax. (Priv. Acts 1923, ch. 426, § 10)

Sec. 563. Compensation of viewers.

The viewers hereinbefore provided for shall receive for their services the sum of five dollars per day for the time engaged upon the duties prescribed in this Act, and in the ordinance under which they are appointed. (Priv. Acts 1923, ch. 426, § 11)

Sec. 564. Preliminary expense to constitute part of cost of assessment.

The municipality shall be reimbursed on account of the preliminary steps taken in forming any district herein provided for; any such expense shall be embraced in the final and detailed cost of the improvement. (Priv. Acts 1923, ch. 426, § 12)

Sec. 565. Act not to repeal front foot plan.

ARTICLE 59. DRAINAGE IMPROVEMENTS UNDER DISTRICT PLAN*

***Cross reference**—Public Works Act, § 868 et seq.

Sec. 589. Authority to establish districts and make improvements.

The council or other governing authority of any municipality in this state having a population of one hundred and thirty thousand (130,000) or over, by the Federal Census of 1910 or any future Federal Census, is hereby vested with the jurisdiction, power and authority to establish a drainage district or districts, and to locate and establish levees, and cause to be constructed, as hereinafter provided, any levee, ditch, drain, culvert, pipe culvert or water course, or to straighten, widen, deepen or change any natural water course in such municipality, or to provide for the same being done, together with all necessary inlets, manholes, junctions, catch basins and lateral drains as are necessary whenever the same will be of public utility or conducive to the public health or welfare and as hereby provided. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 1)

Sec. 590. City engineer's plans and statement generally.

Before the governing authorities of any municipality shall establish a drainage or levee district or districts, the city engineer of said municipality shall file in the office of the comptroller of said municipality a plan, setting forth the body or district of land in such municipality described by metes and bounds or otherwise so as to convey an intelligible description of such lands sought to be improved by the creation of a levee or drainage district. Accompanying such plans shall be a statement of the reason for said improvement and the nature thereof, which said statement shall set out the nature of the land to be improved and the nature of the improvement, whether by draining, ditching, leveeing, the construction of culverts on inlets and laterals, and setting out as near as may be the starting point, route and terminal,

and the lateral branches, if any. Said plans shall show as near as may be the nature of the improvements, with such drawing or drawings as will indicate and give a general idea of the nature and character of the improvement; but no variance between the plan and the description of the improvement which does not materially alter or change the nature of the improvement shall vitiate any of the proceedings or the assessment for the improvements. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 2; Priv. Acts 1937, ch. 123, § 18)

Sec. 591. Appointment of time and place to hear protests against improvements; notice of hearing.

After such plans and description have been filed, the governing authorities of such municipality shall, at some regular meeting within thirty days thereafter, determine whether or not said plans shall be adopted. If said plans shall be adopted, the governing authorities of said municipality shall by proper resolution appoint the time and place at which the said governing authorities will meet to hear protests, if any, against the making of said improvement. Said time shall be not less than twenty days from the passage of said resolution, and due notice of such hearing shall be given by at least four publications in some daily paper in said city, the last of which shall be at least five days before the date of the meeting. Said notice shall state the general character of the improvement and the metes and bounds thereof. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 3)

Sec. 592. Objections to improvements; adoption, rejection or modification of plans.

Any person desiring to object to said improvement shall file his objections in writing on or before the date of hearing, and at the time fixed for the hearing shall appear in person or by attorney and present his objections to the said governing authorities. Said governing authorities shall have the power to adopt, reject or modify said plans, and if said plan is adopted or modified and said modifications do not so materially alter the plan as to make it substantially a new plan, then the governing authorities shall proceed further with said work as hereinafter provided. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 3)

Sec. 593. Engineer to prepare detailed plans; appointment and qualification of viewers; investigation and report of viewers; information to be shown in viewers report; engineer's estimate of cost; elements of cost.

After said plans, as originally drawn or modified, have been adopted, the governing authorities shall direct the city engineer to make detail plans, showing the cost of each item of construction as estimated by said city engineer, which said plans shall be filed with the comptroller within sixty days of the adoption of said general plans of work. At the first meeting after said plans are filed it shall be the duty of the governing authorities of said municipality to appoint five viewers, who shall be freeholders of said municipality and not interested in any property to be improved in said district embraced in the plans. These viewers shall be duly sworn by the mayor to make an investigation of all the property affected by said improvement and embraced in the district, and shall file a report in writing with the comptroller, which shall show:

First, the fair market value of all property which is to be taken in making said improvement;

Second, the damage to any property affected by said improvement, less any particular benefit received by said property;

Third, the proportions in which the various plots or parcels of ground in said district are to be assessed, which said proportions shall be ascertained by determining the benefits derived by each piece of ground from said improvement and assessing same accordingly, the said valuation to show in percentages the amount to be borne by each piece of land according to its area; and in making said assessment the viewers shall determine what particular plot or plots shall be regarded as a unit, and assess all others according to their proportionate improvement as compared to said unit.

Said report must be filed with the comptroller within sixty days from the appointment of said viewers.

Within fifteen days after said report is filed, the city engineer shall file with the comptroller an estimate, which shall set forth the amount to be borne by each particular piece of land of the cost of said improvement in which said estimate shall be included, the following items, to-wit:

The cost of all labor and material necessary to do the improvement contemplated;

The cost of all property to be acquired and all damages to be paid;

The cost of all proper supervision of said work, which may be done by engineers hired for that purpose or by the engineering department of said municipality; and if said work is done by the engineering department of the municipality, the cost thereof shall be ascertained by adding to the cost of labor and materials ten per cent of the amount thereof, which sum shall be conclusively held to be the entire cost to said municipality of said engineering and of all the costs of collecting and clerical work connected with said improvement.

The cost of the viewers in determining damages, and the value of the property taken, court costs, and the expense of litigation, and, in general, all expenses incurred on account of said improvement.

The cost of abstracts, plans, advertisements, collections and clerical help shall also be charged, unless the engineering work is to be done by the municipality, in which event these items shall be embraced in the ten per cent charge above set out. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 4; Priv. Acts 1937, ch. 123, § 1)

Sec. 594. Appointment of time and place for hearing of complaints against value fixed for property, damage to property or assessments; notice of hearing; objections to be filed in writing; presentation of objections; effect of failure to appear; hearing of complaints; confirmation or modification of report; right of appeal.

Within ten days after the filing of said engineer's estimate of the cost of assessment, the governing authority of said municipality shall, by proper resolution, fix a time and place, not less than twenty days from the date of said resolution, for the hearing of complaints against the value fixed for property to be taken or damages to property or the assessment to be made upon any property. Due notice of said hearing shall be given by at least six publications made in some newspaper in said municipality, which said notice shall set out the estimated cost of said improvements and the fact that the detail estimate and the assessment against each piece of property has been filed, and notifying the property holders to appear and make their protests at the time and place appointed, and setting out the metes and bounds of said improvement district and the nature and character of said improvement. Any person objecting to the fixed value upon his property or the amount ascertained as the damages thereto, or the assessment thereon, shall file his objections in writing on or before the time fixed for said hearing, and appear in person or by attorney at said hearing and present his objections. Any person failing to appear shall be considered as accepting the amounts fixed in the reports as the values of their property, and damages to or the assessment thereon. The governing authorities of the municipality shall hear all complaints made and confirm or modify the reports in accordance therewith. Any person dissatisfied with the award of the governing authority of said municipality shall, within ten days, file a certiorari to the circuit court of the county in which said municipality is situated for the purpose of reviewing said holdings, and unless said certiorari is filed, the finding of the governing authority shall be final, both as to the value of the property taken and the damages thereto and as to the maximum amount of the assessment to be borne by said property. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 5)

Sec. 595. Effect of appeal upon prosecution of work.

If no objection shall be filed or certiorari taken from the findings of the governing authorities of said municipality as to the assessment to be borne by each piece of property, and objections be made only to the value of any piece of property taken and the damages thereto, the governing authorities of the municipality shall have the right to proceed with said improvement without awaiting the determination of said suits; provided, however, that in no event shall the district be charged with any greater sum than the amount fixed by the viewers as the damage to or the value of the property.

If the objections be to the amount of the assessment to be borne by any piece of property, no work shall be done until said suits have been determined. All of said suits shall be advanced from the dockets of the circuit courts so as to be given, as far as possible, an immediate hearing; and if more than one suit has been filed objecting to the assessment to be fixed upon property within the district, said suits shall be heard together. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 6)

Sec. 596. Engineer's statement of cost of work; procedure where statement varies from estimate.

After the work in any improvement district shall have been completed, the city engineer shall file with the comptroller a statement, showing the complete and detailed cost of said work, including all of the items embraced in the estimate. If the said statement shows the cost of the work to have been less than the estimate, then the assessment

on all of the property in the said district shall be reduced proportionately, but if the statement shows a greater cost than the estimate, the assessment as previously made shall stand, and the excess shall be borne by the municipality. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 7; Priv. Acts 1937, ch. 123, § 18)

Sec. 597. Maximum assessment; confirmation of assessment; lien; publication of confirmation; when assessment due.

If the amount assessed against any piece of property shall be greater than one-third of its assessed value for city taxation in the year when the first assessment against said property was filed, then the assessment upon said property shall be reduced so as not to be greater than one-third of the assessed value, and the municipality shall have the excess. Within ten days after said final statement of cost has been filed, the governing authorities of the municipality shall by proper resolution confirm said assessment, and the same shall thereupon become a lien upon all the property in said district for the amount assessed against it. The said resolution of confirmation shall be duly published three times subsequent to its passage in some newspaper in said municipality, and the property holders shall have thirty days from said last publication in which to pay the assessment in full or sign a contract to pay same in installments. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 7)

Sec. 598. Record of assessment; payment in five annual installments; interest; failure to pay installment when due.

The assessment for any district shall be written in a well-bound book, which shall show the amount assessed against any property in said district, with appropriate columns to credit the payments of said assessment. Any property holder who desires to do [so] may, within the thirty days allowed for so doing, sign said assessment book, agreeing to pay the said assessment in five annual installments, together with six per cent interest on each of the said installments, until paid. If said installments are not paid when due, then all of the said sums shall become due and collectible, as hereinafter provided. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 8)

Sec. 599. Enforcement of lien.

The lien hereby created upon any property in any improvement district shall be collectible by a suit in the chancery court, or may be enforced as a lien for city taxes is enforced by a sale of said property. If suit is filed in the chancery court, any number of pieces of property may be embraced in one suit, and if a lien is enforced as city taxes are enforced, the proceedings shall be those provided by existing statutes and laws for the collection of city taxes at the time said sums become due. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 9)

Sec. 600. Streets, alleys and railroad rights of way to be assessed.

The streets and alleys owned by the municipality and the tracks of any commercial or street railroad company and their rights of way shall be assessed as other property in the district is assessed. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 10)

Sec. 601. Bond issue for costs.

The governing authorities of such municipalities shall have the right and power to issue negotiable bonds of the municipality to any amount in par value not exceeding the amount of the estimated cost to be paid by the owners of property other than the city in such improvement district as said estimated cost is determined and fixed after all preliminary steps have been taken and the work is ready to be begun. Such bonds shall be payable to bearer in lawful money of the United States at such place or places as may be designated in the bonds, and be in such form and signed by such officers as may be provided in the ordinance directing their issue. Coupons may bear a facsimile signature or signatures, and in case any of such officers whose signatures appear on said bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of the bonds.

The bonds shall run for one, two, three, four and five years and bear interest at a rate not exceeding six per cent per annum, as may be designated in the bonds, payable semiannually, and such bonds shall be of such denomination as the legislative body may direct. Said bonds shall be sold at public or private sale at not less than par and accrued interest, and shall be the absolute and general obligation of the municipality. The governing authorities of said municipality

shall provide by ordinance that the assessment levied upon property in said improvement district in respect of which any such bonds are issued shall be set apart as the fund for the payment of such bonds and interest, and it shall be the duty of the governing authorities of the municipality to levy, in addition to all other taxes which said municipality is by law authorized to levy, an ad valorem tax on all the taxable property in said municipality to pay the principal and interest of such bonds as they become due, or to pay such part or parts thereof as are not provided for by the reassessment levied and actually collected and in the treasury of the municipality set apart for the payment of such bonds and interest.

Such ordinances for the issuance of bonds shall be passed as other ordinances are passed, and the municipality may, in its discretion, provide for the issuance of bonds in one lot or amount in respect to any one or more of such improvements, and may provide that any assessments levied in respect to all such improvements may be applied as a whole toward the payment of the entire lot or amount of bonds or interest thereon.

No proceedings on the part of said municipality in any respect to the issuance of said bonds shall be necessary, except such proceedings as are required by this Act. The failure in the existence or performance in any of the conditions precedent to the issuance of said bonds shall not affect the validity of said bonds, but the same shall be in all respects valid and binding.

The levy by the municipality of any ad valorem tax shall not prevent the collection of the assessment levied for the improvement district for which the bonds were issued; but said assessment shall remain and be collected, the proceeds thereof to be devoted to reimbursing the municipal treasury for the amount paid out under said ad valorem tax. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 11)

Cross reference—Ordinances relative to bond issues generally, § 358.

Sec. 602. Compensation of viewers.

The viewers hereinbefore provided for shall receive for their services the sum of five dollars per day for the time engaged upon the duties prescribed in this Act and in the ordinance under which they are appointed. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 12)

Sec. 603. City to be reimbursed for preliminary costs.

The municipality shall be reimbursed on account of the preliminary steps taken in forming any district herein provided for, and such expense shall be embraced in the final and detailed cost of the improvement. (Priv. Acts 1913, 1st Ex. Sess., ch. 51, § 13)

(Priv. Acts 1931, ch. 215, § 5)

Sec. 605. General authority to make improvements.

The council or other governing authority of any municipality in this state having a population exceeding two hundred and fifty thousand (250,000) inhabitants by the Federal Census of 1930, or any future Federal Census, is hereby vested with jurisdiction, power and authority to cause to be constructed as hereinafter provided, any ditch, drain, culvert, pipe culvert, or water course, or to straighten, widen, deepen, or change any natural water course, or do any work of bank protection in connection therewith, whether such ditch, drain or water course be on public or private property in such municipality, or to provide for the same being done, together with all necessary inlets, manholes, junctions, catchbasins and lateral drains as are necessary, whenever the same may be a public utility or conducive to the public health or welfare. (Priv. Acts 1931, ch. 215, § 1)

Sec. 606. City engineer to file plan of improvement.

Before the governing authorities of any municipality shall undertake any work on or improvement to ditches, drains, or water courses under this Act, the city engineer of said municipality shall file in the office of the comptroller of said municipality, a plan setting forth the ditch, drain, or water course to be constructed or improved, the description of the property fronting upon said water course, a statement of the reason for said improvement, and the nature thereof, the starting point, route and terminal of such ditch, drain, or water course, and the lateral branches, if any. Said plan shall show as near as may be, the nature of the improvement, with such drawing, or drawings, as will indicate and give a general idea of the nature and character of same, but no variance between the plan and the description of the improvement which does not materially alter or change the nature of the improvement shall vitiate any of the proceedings or the assessment for the improvements. (Priv. Acts 1931, ch. 215, § 2; Priv. Acts 1937, ch. 123, § 18)

Sec. 607. Adoption of improvement ordinance; form; notice of hearing of protests against construction; presentation of protests; confirmation, etc., of ordinance; effect of failure to object before confirmation.

Before any work shall be done on any improvement authorized by the preceding section, the cost of which is proposed to be assessed against the property abutting said ditch, drain, or water course to be improved, it shall be the duty of the council or other governing authority of said municipality to adopt an ordinance that said improvement shall be made, which ordinance shall state the general character of the improvement and location and terminal points thereof, and the ditches, drains, or water courses or parts thereof to be so improved. Said ordinance shall be passed as now provided by law for the passage of ordinances providing for the special assessments for street improvements in said municipality, and after the final passage of said ordinance, notice shall be given by at least one publication in some newspaper in said municipality fixing a day not earlier than ten (10) days from the date of such publication and the place at which the council or other governing authority of such municipality shall meet to hear remonstrances or protests against the construction of said improvement. At said meeting, or at a place and time at which the same may be adjourned, all persons whose property will be affected by said improvement may appear in person, or by attorney, and present their written petition and protest against the construction of said improvement; and after hearing such protest, if any, said council may confirm, modify, or rescind such ordinance. Any objection against the making of said improvements, not presented in person or by attorney prior to the confirmation of said ordinance shall be considered as waived, and the protest of the property holders shall not inure to the benefit of any other property holder not signing the same, in person or by attorney. The judgment of the council overruling a protest shall be treated as the final judgment of an inferior tribunal and reviewable only as such. (Priv. Acts 1931, ch. 215, § 3)

Sec. 608. Assessments generally.

If said improvement be finally ordered, the council or other governing authority of the municipality shall have power and authority, after completion and acceptance thereof, to assess two-thirds of the expense of constructing said improvements upon and against the several lots or parcels of land abutting the ditch, drain or water course improved according to their respective frontages; provided, however, that said assessment upon any lot shall not exceed two-thirds of the assessed value thereof for city taxes for the current year; and all such assessments shall be and constitute a lien on the respective lots or parcels of land upon which they are levied superior to all other liens, except those of the state and county for taxes. The enforcement by the state or county or city of its lien for taxes on any lot or parcel of land upon which has been levied an assessment for any improvement authorized by this Act shall not operate to discharge or in any manner affect the city's lien for said assessment; but a purchaser at a tax sale by the state, county or city of any lot or parcel of land upon which said assessment has been levied shall take the same subject to the lien of such assessment; and if brought by the state, any conveyance of the title thus acquired or any redemption shall be subject to the lien of such assessment. (Priv. Acts 1931, ch. 215, § 4)

Sec. 609. City may do work with own forces.

It shall not be necessary for the improvements under this Act to be done under contracts let according to the requirements for letting other contracts of the municipality carrying on said improvement, but the municipality may do all or any part of said improvement by labor hired by the municipality and with material purchased as other municipal purchases are required to be made. (Priv. Acts 1931, ch. 215, § 5)

Sec. 610. Lien for improvements.

When an ordinance for the improvement of any ditch, drain or water course shall have been duly passed and confirmed, the municipality shall have a lien upon all property abutting on said ditch, drain or water course so improved for its pro rata cost of said improvement, the amount of the said lien to be determined and assessed against said property as now provided by street improvement Acts applicable to the said municipality. (Priv. Acts 1931, ch. 215, § 5)

Sec. 611. Notice of improvement to contain estimate of cost; variance between estimate of cost and assessments.

The notice of the adoption of an ordinance for the improvement of any ditch, drain or water course shall contain an estimate of the cost of every item to be expended in said improvement, and no item not embraced in said estimate shall be assessed as part of the cost of the improvement, except the ten per cent (10%) charge for the general supervision, an unitemized expense of the city which shall in all cases be in such estimate and embraced in said assessment without being itemized or set out in detail. The amount of the estimated cost or [of] any item shall not control or affect the amount to be assessed for said item if the cost thereof shall not exceed by more than ten per cent (10%) the amount as estimated. If the bids received for said improvement shall exceed by ten per cent (10%) or more the amount estimated for any item, it shall be the duty of the council or other governing authority of the municipality to pass a new ordinance for said improvement or abandon same, or in default of such action, to pay the amount expended upon any item in excess of said estimate. (Priv. Acts 1931, ch. 215, § 5)

Sec. 612. Assessment book; publication of notice to abutting owners; filing of objection or defense to assessment; hearing.

When the amount to be assessed against each lot or parcel of land for any improvement shall have been ascertained, the city engineer shall cause the same to be entered in a well-bound book prepared for the purpose, which shall show the names of the owners of the property assessed, if known, and opposite each name the description of each lot or parcel of land assessed belonging to such owner and the amount assessed against each, and shall contain appropriate columns in which payment may be credited and the lien of the assessment marked satisfied by the proper officers of the municipality; and if the name of the owner of property proposed to be assessed be unknown, said book shall contain under the head of "Owner Unknown" a list of the property to be assessed, the owners of which are unknown. After the completion of the proper entries of each improvement, said book shall be delivered to the comptroller who shall thereupon give notice by publication in some daily newspaper of general circulation in said municipality that said book of assessment for public improvements has been delivered to him and is open for inspection at his office; and at a time and place named therein, not less than ten days from the date of publication, the council or other governing authority of such municipality will meet to hear and determine any objection or defense that may be filed in his office by any owner of property proposed to be assessed against the said assessment. Said notice shall also state the general character of the improvement, the terminal parts thereof, and the ditch, drain or water course, or portions thereof which are to be improved. All persons whose property it is proposed to assess for the cost of said improvement may at any time on or before the date named in said notice and before said meeting, file in writing with the comptroller of the municipality or in his office any objection or defense to the proposed assessment against his property or to the amount thereof; and at a meeting on the date named, or any date to which said meeting may be adjourned, said council or other governing authority of said municipality shall herein determine said objection or defense, and after so doing, shall confirm, modify, or set aside the assessment. If no objection or defense to the assessment or to the amount thereof is filed, or if the property owner fails to appear in person, or by attorney and insist upon the same, the assessment shall be confirmed and made final. (Priv. Acts 1931, ch. 215, § 6; Priv. Acts 1937, ch. 123, § 18)

Sec. 613. When assessments due and payable; payment of assessments by installment.

All assessments levied by virtue of this Act shall be due and payable within thirty days after the assessment is made final as aforesaid, but at the election of the property owner, to be expressed by notice as hereinafter provided, said assessment may be paid in five annual installments, and shall bear interest at the rate of six per cent per annum, interest payable annually; a property owner desiring to exercise the privilege of payment by installment shall, before the expiration of the thirty days aforesaid, enter into an agreement in writing with the municipality that in consideration of such privilege he will make no objection to any illegality or irregularity with regard to the assessment against his property, and will pay the same as required by law with the specified interest; such agreement shall be filed in the office of the comptroller of such municipality, and in all cases where such agreement has not been signed and filed within the time limited, the entire assessment shall be payable in cash without interest before the expiration of said thirty days; provided, that any property owner who shall have elected to pay his assessment in five annual installments shall have the right and privilege of paying up the assessment in full at any installment period by paying the full amount of the installments together with all accrued interest thereon. Should such property owner elect to pay his

installments in full between the installment periods, all assessments or installments thereof shall be payable to the city tax receiver or treasurer, whose duty it shall be to receive the same and give proper receipts therefor and enter the proper credit and satisfaction. (Priv. Acts 1931, ch. 215, § 7; Priv. Acts 1937, ch. 123, § 18)

Cross reference—Additional authority to permit installment payment of assessments, § 836.

Sec. 614. Default in payment of installment.

Upon default for the period of thirty days in the payment of any installment and interest, the entire unpaid assessment shall immediately become due and payable and the lien thereof foreclosed and collection enforced by the municipality. The property thus sold may be redeemed at any time during a period of two years after said sale by paying costs, penalties, and interest having accrued on account of said sale. (Priv. Acts 1931, ch. 215, § 8)

Sec. 615. Certificates of indebtedness generally.

After the construction of any improvement shall have been finally ordered and [the] entire cost thereof estimated, the council or other governing authority shall have the power and authority, for the purpose of providing means to pay the expense of said improvement, to order the issue of and issue and sell, at not less than par, certificates of indebtedness at an amount not to exceed two-thirds of the estimated cost of said improvement. Said certificates shall be negotiable, payable to bearers, and shall have attached thereto coupons for the interest thereon, and shall be payable in lawful money of the United States and be in such form as may be provided in the ordinance directing such issue. The certificates shall run for one, two, three, four and five years, and bear interest at the rate of six per cent per annum, payable semiannually, at such place or places as may be named therein, and shall be in such denominations as said legislative body may direct. Any certificates of indebtedness issued hereunder shall be payable at the option of the municipality at any interest-paying period.

In the event such municipality should elect to pay off any such certificate in full at any interest period, it shall pay as a bonus to the holder thereof a sum equal to one-half of the annual interest thereon for one year; provided, however, that said council or other governing authority shall give public notice before such interest period by publication three times, once a week for three consecutive weeks, in a daily paper published in such municipality, the first publication to be not less than thirty days prior to the interest period of said certificates proposed to be redeemed, stating its intention to redeem the same and describing the same by number and series. They shall state on their face the caption and number of the ordinance under which said improvement is constructed, and said ordinance shall state the general character of the improvement, to pay for which they shall be issued, and the terminal points thereof, and the ditches, drains, or water courses or parts thereof which are to be improved as hereinbefore provided. They shall be issued under the corporate seal of such municipality, and the certificate shall be signed by the chief officer and comptroller of such municipality, and the coupon shall bear the facsimile signature of said comptroller; provided, however, that the validity of said certificates shall be in no wise affected by reason of any defect in the form thereof or any omission therefrom.

The proceeds arising from the sale of said certificates or so much thereof as may be necessary shall be applied exclusively to the payment of the cost of the improvement, to pay for which said certificates were issued; but if there should remain any surplus after paying such costs, the same shall be and become a part of the fund pledged for the payment of said certificates; provided, however, that the council or other governing authority of such municipality may borrow money and advance the same for the construction of such work and improvement; and after the completion of such work and assessment of the cost thereof shall have been made final, the said council or other governing authority may then issue and sell certificates as hereinbefore provided in such amounts as may be necessary to pay two-thirds of the cost of said improvements, including such amounts as may be borrowed for that purpose, and all interest and other expenses so incurred for the construction of said improvements as hereinbefore provided shall be charged and assessed as a part of the cost of such improvements upon the property assessed for the same. But said legislative body may provide in the ordinance ordering the improvements to be constructed or in the agreement with the contractor by whom it is to be done, for the issue of all or a part of such certificates directly to the contractor at not less than par value in part or in full payment of the contract price, in which case the certificates shall be delivered to the contractor upon completion and acceptance of the work and allowance of the final estimate. (Priv. Acts 1931, ch. 215, § 9; Priv. Acts 1937, ch. 123, § 18)

Sec. 616. Assessments collected to constitute separate fund pledged to payment of certificates.

The proceeds arising from the collection of assessments levied for each improvement shall be and constitute a separate and distinct fund, and each such fund, together with its accumulations, is hereby pledged for the payment of the certificates and interest coupons issued for the improvement, from the assessment of which said fund arises, and shall be applied exclusively to the payment of said certificates and coupons. (Priv. Acts 1931, ch. 215, § 10)

Sec. 617. Treasurer to keep separate account of funds; diversion of proceeds to different fund prohibited, etc.

It shall be the duty of the treasurer or tax receiver of such municipality to keep an accurate account of all funds arising from all assessments for public improvements under this Act, and to carefully and accurately keep a separate account of the funds arising from the collection of assessments for each particular improvement, and no proceeds arising from assessments levied for one improvement shall be diverted to the payment of the certificates issued for any other improvement or to the payment of any other indebtedness of such municipality; provided, however, that if any time, the amount of any particular fund shall exceed the amount of any outstanding certificates and interest entitled to payment out of such fund, after the payment of any sum that such municipality may have advanced or borrowed for the purpose of constructing said improvement, the council, or other governing authority of such municipality shall apply such surplus to the redemption of certificates issued for such improvements as hereinbefore provided, and all certificates so redeemed shall be cancelled; provided, further, that said council, or other governing authority shall have the power, if no certificates of indebtedness for said improvement have been issued and sold, to order the payment out of the proper fund to the contractor who constructed the improvement of all or any part of the assessment for said improvement previously collected, or to reimburse from said collection the general funds of the city to the extent of any money advanced out of the general funds of the city borrowed to pay the cost of said improvement, and to issue and sell certificates as herein-before provided, either to the contractor in full settlement or to others, to an amount not exceeding the balance due the contractor and the general fund of the city or borrowed for such purpose. (Priv. Acts 1931, ch. 215, § 10)

Sec. 618. Disposition of surplus.

If there shall be any surplus arising from the sale of certificates issued for any improvements above the cost of said improvement, said surplus shall be and become a part of the fund levied for said improvement, and shall be kept and applied in the manner as said fund is herein required to be kept and applied. (Priv. Acts 1931, ch. 215, § 10)

Sec. 619. Proceeds to be kept in separate account in depository.

All proceeds arising from the collection of assessments levied for an improvement shall, as soon as collected, be deposited by the city treasurer or tax receiver in some bank designated by the council or other governing authority of such city, and such collections shall not be deposited with the general funds of the city, but shall be considered a separate deposit to the account of "public improvement," and shall be drawn out on checks or order directing the amount designated therein to be paid out of the public improvement fund. (Priv. Acts 1931, ch. 215, § 10)

Sec. 620. Liability of officials for misappropriation of funds.

The city treasurer or tax receiver shall be liable on his official bond to any holder of the certificates of indebtedness authorized by this Act for any loss or injury to such certificate holder caused by the diversion by said officer or any fund or part thereof to the payment of any bond, certificate of indebtedness, or interest coupons or indebtedness of the city other than the certificates and interest coupons and indebtedness herein authorized to be paid out of said funds, or by the use of [or] misappropriation by said officer of any part of the funds out of which such certificates are required and contemplated herein to be paid for any other purpose than herein provided for, or for the benefit of the city or others; and all members of said legislative body who shall by their vote, or in any other manner, cause, aid, or encourage any such diversion, use, or misappropriation of the fund out of which the certificate holders are entitled to be paid for any other purpose than that authorized and required herein whereby loss or injury to the certificate holder or any of them is caused shall be jointly and severally liable to such certificate holders injured to the extent of such loss or injury. (Priv. Acts 1931, ch. 215, § 10)

Sec. 621. Redemption of certificates.

When the amount of the fund arising from the collection of assessments levied for any improvement shall, with its accumulations, equal the amount of the outstanding certificates and accrued interest entitled to payment out of such fund, the council or other governing authority of such municipality shall have authority to redeem any and all certificates that may be presented for redemption at such time thereafter as the holders may desire to present them for redemption. (Priv. Acts 1931, ch. 215, § 11)

Sec. 622. Sale of delinquent property.

Such council or other governing authority shall have authority to sell all property against which an assessment has been levied at any time after said assessment shall have become due to satisfy the same, together with all costs, and such sale shall be governed as to notice, terms, costs, and in all other respects, except as to the time of sale, by the laws and ordinances of such municipality now in force or which may hereafter be enacted providing for the sale of real estate for city taxes. But such council or other governing authority shall have power to adopt other and different laws and ordinances governing and regulating such sales of real estate for said assessments, and in addition to such remedy by sale for the enforcement of the collection of said assessment, the lien of said assessment, irrespective of the amount thereof, may be foreclosed by a proceeding instituted in any court of competent jurisdiction, and in all such proceedings any number of persons, the assessments against whose property are in default, may be joined as defendants; provided, that after maturity of any of the certificates of indebtedness issued for any improvement the holders of the outstanding certificates or any of them may maintain a bill of equity in his or their names to foreclose the lien of said assessment, irrespective of the amount thereof, and may recover interest, costs, and reasonable attorney's fees; and in such bill any number of persons, the assessment against whom are in default, may be joined as defendants. In such suits the liens shall be foreclosed for the whole amount of the unpaid assessment against the property of said defendant, and the recovery shall inure to the benefit of all the certificate holders. (Priv. Acts 1931, ch. 215, § 12)

Sec. 623. Assessments against railroads.

Should there be a street, electric, or steam railroad track or tracks over any ditch, drain or water course improved under this Act, the cost of such improvements across the right of way, including switches and turnouts, shall be paid by the owners of such railroads, and shall be assessed and collected from such owner, and shall be a lien upon the railroad and the property used in connection therewith; and in the event a culvert be constructed, there shall be assessed against such railroad a fair and just proportion of the cost of construction of such culvert, to be determined by such council or other governing authority, and such assessment shall be a lien like other assessments, and may be collected in like manner. (Priv. Acts 1931, ch. 215, § 13)

Sec. 624. Construction of Act.

Nothing in this Act shall be so construed as to take from the council or other governing authority of any municipality or in any way affect its power or authority to compel property owners, by penal ordinance or otherwise, to open or construct drains, ditches, or culverts through their property in such manner and with such materials as may be directed and under supervision of the city engineer or other officer or agent of the city, or to cause such repairs to be made at the expense of the property owner. (Priv. Acts 1931, ch. 215, § 14)

Sec. 625. Authority of city to condemn or purchase land.

Whenever in the judgment of the council or other governing authority of such municipality it may be necessary or expedient for the carrying out and full exercise of the powers hereby granted, said municipality shall have full power and authority to acquire by purchase or condemnation of the necessary lands or rights or easements, and may proceed to condemn in the manner provided by the general laws of the state governing the taking of land or the acquiring of an interest therein for the uses for which private property may be taken, and such proceedings may be governed in every respect by the general laws of the state pertaining thereto. If the full faith and credit of the city is pledged to payment of principal and interest, such fact shall be recited in the face of the bonds. If issued without the pledge of such faith and credit each such bond issued under the provisions of this Act shall recite in substance that said bond including interest thereon is payable from the revenue pledged to the payment thereof, and/or is secured by mortgage, deed of trust or other security to be briefly described therein, and that the holder of said bond shall have no recourse to the power of taxation. If such receiver be appointed he may enter and take possession of such public works project or any part or parts thereof and operate and maintain same, and collect and receive all fees, rents, tolls, or other charges thereafter arising therefrom in the same manner as the municipality itself might do and shall dispose of such money in a separate account or accounts and apply the same in accordance with the obligations of the municipality as the court shall direct.

(b) By suit, action or proceeding in the chancery court to require the governing body of the municipality to account as if it were the trustee of an express trust. (Priv. Acts 1935, ch. 108, § 20, 1st Spec. Sess.)

If the parties cannot agree to the use of said property for a public works project, then the municipality shall have the right to condemn the same under the general law now in force, or which may hereafter be enacted, providing for the taking of property for public use, provided, however, nothing herein contained shall be held to authorize the taking of property for a public works project which shall destroy or unnecessarily interfere with the prior use of such property by the owner or holder thereof for other public uses, for which such property has been acquired by purchase, condemnation or otherwise. (Priv. Acts 1935, ch. 108, § 21, 1st Spec. Sess.)

(Priv. Acts 1935, ch. 108, § 23, 1st Spec. Sess.)

Sec. 891. Supplemental nature of Act.

The powers conferred by this Act shall be in addition and supplemental to, and the limitations contained in any provision of this Act shall not affect the powers conferred by any other law and not in substitution for the powers conferred by any other law. Bonds may be issued hereunder for any public works project notwithstanding that any other law may provide for the issuance of bonds for like purposes and without regard to the requirements, restrictions or procedural provisions contained in any other law. Any proceedings heretofore taken by any municipality relating to the subject matters of this Act, whether or not commenced under any other law, may be continued under this Act, or, at the option of the governing body, may be discontinued and new proceedings instituted under this Act. (Priv. Acts 1935, ch. 108, § 24, 1st Spec. Sess.)

Sec. 892. Separability of bond provisions from general grant of powers.

The provisions of this Act relating to the issuance of bonds or other evidences of indebtedness for the purposes of raising money to carry out the purposes of this Act are hereby declared to be separable from all other provisions of this Act; and in the event that the municipality shall have initiated a project falling within the purview of a public works project as defined in this Act, and has power under any other law or referendum election to issue bonds for such projects, the power and authority to issue such bonds under the powers of such other Act, shall not be abridged nor impaired, and it shall not be necessary for the municipality to issue bonds under the provisions of this Act in order to take advantage of the provisions hereof with reference to the acquisition, ownership, management, maintenance or operation of a public works project; and the municipality shall have the right to contract with the United States Government, or any agency or corporation thereof, or with any other person, firm or corporation, with whom or which it is authorized to contract under the provisions of this Act with respect to any power granted to it under the provisions of this Act irrespective of the compliance by the municipality with the provisions hereof relating to the issuance of bonds, certificates of indebtedness, or other evidences of indebtedness. It is the purpose of this Act to enable municipalities to secure the benefits of the Recovery Act, to encourage public works, to reduce unemployment and thereby to assist in the national recovery and promote the public welfare, and to these ends the municipality shall have power to do all things necessary or convenient to carry out said purpose in addition to the power conferred in this Act. This Act is remedial in nature and the powers hereby granted shall be liberally construed. (Priv. Acts 1935, ch. 108, § 26, 1st Spec. Sess.)

Sec. 896. Necessity for law.

It is declared that unsanitary or unsafe dwelling accommodations exist in the City of Memphis, Shelby County, Tennessee, and that such unsafe or unsanitary conditions arise from overcrowding and concentration of population, the obsolete and poor condition of the buildings, improper planning, excessive land coverage, lack of proper light, air and space, unsanitary design and arrangement, lack of proper sanitary facilities, and the existence of conditions which endanger life or property by fire and other causes; that many persons of low income are forced to reside in unsanitary or unsafe dwelling accommodations; that there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants thereof and that consequently many persons of low income are forced to occupy overcrowded and congested dwelling accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the citizens and impair economic values; that these conditions cannot be remedied by the ordinary operations of private enterprises; that the clearance, replanning and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired; that it is in the public interest that work on such projects be instituted as soon as possible in order to relieve unemployment which now constitutes an emergency; and the necessity in the public interest

for the provision hereinafter enacted, is hereby declared as a matter of legislative determination. (Priv. Acts 1935, ch. 615, § 3)

Sec. 897. Council to determine need for authority; factors to be considered.

The Council of the City of Memphis shall have authority to determine whether there is need for an authority to function in the City of Memphis, and in so determining, shall consider

(1) Whether unsanitary or unsafe inhabited dwelling accommodations exist in the city.

(2) Whether there is a lack of safe or sanitary dwelling accommodations in the city available for all the inhabitants thereof.

In determining whether dwelling accommodations are unsafe or unsanitary, the council [] shall take into consideration the following: the physical condition and age of the buildings; the degree of overcrowding; the percentage of land coverage; the light and air available to the inhabitants of such dwelling accommodations; the size and arrangement of the rooms; the sanitary facilities; and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes. (Priv. Acts 1935, ch. 615, § 4)

Sec. 898. Adoption of resolution embodying decision; appointment of commissioners.

If it shall determine that either or both of the above enumerated conditions exist, the Council of the City of Memphis shall adopt a resolution so finding (which need not go into any detail other than the mere finding) and shall cause notice of such determination to be given to the mayor who shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority, and who shall be known as the Memphis Housing Authority. The application shall be subscribed and sworn to by each of said commissioners before an officer authorized by the laws of the state to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed and swore thereto in the officer's presence. The secretary of state shall examine the application and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this state or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office. If any commissioner or employee of the authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to so disclose such interests shall constitute misconduct in office. (Priv. Acts 1935, ch. 615, § 7)

The mayor may remove a commissioner for inefficiency or neglect of duty or misconduct in office, but only after the commissioner shall have been given a copy of the charges against him (which may be made by the mayor) at least ten (10) days prior to the hearing thereon and had an opportunity to be heard in person or by counsel.

Any obligee of the authority may file with the mayor written charges that the authority is violating wilfully any laws of the state or any term, provision or covenant in any contract to which the authority is a party. No provisions with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to the authority unless the legislature shall specifically so state.

Notwithstanding anything to the contrary contained in this Act or in any other provision of law, the authority may include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractor comply with requirements as to minimum wages and maximum hours of labor and comply with any conditions which the Federal Government may have attached to its financial aid of the project.

In addition to its rights, powers and privileges granted to the authority in this section and in other sections of this article and elsewhere, the authority is granted the rights, powers, privileges, immunities, and limitations of a housing authority organized in accordance with the provisions of the "Housing Authority Law" of the State of Tennessee (to-wit: Sections 13-20-101 et seq., of the Tennessee Code Annotated) that such law presently grants to such housing authorities and that such law may hereafter grant to housing authorities by amendment thereto, it being further clarified and provided that the authority is a governmental entity under Section 29-20-101 et seq., of the Tennessee Code Annotated and is governed by the provisions of such statute and that the immunities provided commissioners, supervisors, and employees under Sections 29-20-201 and 29-20-310 of the Tennessee Code apply to the commissioners, supervisors and employees of the authority. (Priv. Acts 1935, ch. 615, § 9; Priv. Acts 1937, ch. 900; Ord. No. 3793, § 1(2), 8-9-88)

Sec. 908. Power as to eminent domain.

The authority shall have the right to acquire by eminent domain any property real or personal which it may deem necessary to carry out the purposes of this Act after the adoption by it of a resolution declaring that the acquisition of the property described therein is in the public interest and necessary for public use. The authority may exercise the power of eminent domain pursuant to the provisions of either:

- (a) Sections 3109 to 3134 of the Code of Tennessee of 1932,* and any amendments thereto; or
- (b) Pursuant to any other applicable statutory provisions, now in force or hereafter enacted, for the exercise of the power of eminent domain.

Property already devoted to a public use may be acquired, provided that no property belonging to the city or the government may be acquired without its consent and that no property belonging to a public utility corporation may be acquired without the approval of the commission or other officer or tribunal, if any there be, having regulatory power over such corporation. (Priv. Acts 1935, ch. 615, § 10)

*Editor's note—See now T.C.A. § 23-1401 et seq.

Cross reference—Eminent domain generally, § 457 et seq.

Sec. 909. Power to convey title or deliver possession.

The authority may acquire by purchase or by the exercise of its power of eminent domain as aforesaid, any property real or personal for any housing project being constructed or operated by a government. The authority upon such terms and conditions, with or without consideration, as it shall determine, may convey title or deliver possession of such property so acquired or purchased to such government for use in connection with such housing project. (Priv. Acts 1935, ch. 615, § 11)

Sec. 910. Projects subject to zoning and building laws, etc.

All housing projects of the authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations of the City of Memphis. (Priv. Acts 1935, ch. 615, § 12)

Sec. 911. Bond issues generally.

The authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. The authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. The authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable from income and revenues of the authority and from grants or contributions from the Federal Government or other source. Such income and revenues securing the bonds may be:

- (a) exclusively the income and revenues of the housing project financed in whole or in part with the proceeds of such bonds; (b) exclusively the income and revenues of certain designated housing projects, whether or not they are financed in whole or in part with the proceeds of such bonds; or (c) the income and revenues of the authority generally. Any such bonds may be additionally secured by a pledge of any income or revenues of the authority or in certain instances as hereinafter provided, may be additionally secured by a mortgage of any housing project, projects or other property of the authority.

Neither the commissioners of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

The bonds and other obligations of the authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city and neither shall the city be liable thereon, nor in any event shall they be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness against the city within the meaning of any constitutional, statutory or charter debt limitation or restriction. Bonds may be issued under this Act notwithstanding any debt or other limitation prescribed by any statute. (Priv. Acts 1935, ch. 615, § 13; Priv. Acts 1939, ch. 235, § 2)

Sec. 912. Maturity; interest; denominations; redemption; etc., of bonds.

The bonds of the authority shall be authorized by its resolution and shall be issued in one or more series and shall bear such date or dates, mature at such time or times, not exceeding 60 years from their respective dates, bear interest at such rate or rates, not exceeding six per centum (6%) per annum payable semi-annually, be in such denominations (which may be made interchangeable), be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution or its trust indenture or mortgage may provide. (Priv. Acts 1935, ch. 615, § 14)

Sec. 913. Notice of bond sale; selling price for bonds.

The bonds may be sold at public sale held after notice published once at least ten days prior to such sale in a newspaper having a general circulation in the city and in a financial newspaper published in the City of New York, New York, or in the City of Chicago, Illinois, provided, however, that such bonds may be sold to the Federal Government at private sale without any public advertisement. The bonds may be sold at such price or prices as the authority shall determine provided that the interest cost to maturity of the money received for any issue of said bonds shall not exceed six per centum (6%) per annum. (Priv. Acts 1935, ch. 615, § 14)

Sec. 914. Interim certificates or temporary obligations.

Pending the authorization, preparation, execution or delivery of definitive bonds, the authority may issue interim certificates, or other temporary obligations to the purchaser of such bonds. Such interim certificates, or other temporary obligations, shall be in such form, contain such terms, conditions and provisions, bear such date or dates, and evidence such agreements relating to their discharge or payment or the delivery of definitive bonds as the authority may by resolution, trust indenture or mortgage determine.

In case any of the officers whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. (Priv. Acts 1935, ch. 615, § 14)

Sec. 915. Purchase of bonds by authority; negotiability of bonds, certificates and other obligations.

The authority shall have power out of any funds available therefor to purchase any bonds issued by it at a price not more than the principal amount thereof and the accrued interest; provided, however, that bonds payable exclusively from the revenues of a designated project or projects shall be purchased only out of any such revenues available therefor. All bonds so purchased shall be cancelled. This paragraph shall not apply to the redemption of bonds.

Any provision of any law to the contrary notwithstanding any bonds, interim certificates, or other obligations issued pursuant to this Act shall be fully negotiable. (Priv. Acts 1935, ch. 615, § 14)

Sec. 916. General powers of authority in connection with bonds and other obligations.

In connection with the issuance of bonds and/or the incurring of any obligation under a lease and in order to secure the payment of such bonds and/or obligations, the authority shall have power:

(1) To pledge by resolution, trust indenture, mortgage (subject to the limitations hereinafter imposed), or other contract all or any part of its rents, fees, or revenues.

(12) To covenant as to the use of any or all of its property, real or personal.

(13) To create or to authorize the creation of special funds in which there shall be segregated (a) the proceeds of any loan and/or grant; (b) all the rents, fees and revenues of any housing project or projects or parts thereof; (c) any moneys held for the payment of the costs of operation and maintenance of any such housing projects or as a reserve for the meeting of contingencies in the operation and maintenance thereof; (d) any moneys held for the payment of the principal and interest on its bonds or the sums due under its leases and/or as a reserve for such payments; and (e) any moneys held for any other reserves or contingencies; and to covenant as to the use and disposal of the moneys held in such funds.

(17) To covenant as to the maintenance of its property, the replacement thereof, the insurance to be carried thereon and the use and disposition of insurance moneys.

(18) To vest in an obligee of the authority the right, in the event of the failure of the authority to observe or perform any covenant on its part to be kept or performed, to cure any such default and to advance any moneys necessary for such purpose, and the moneys so advanced may be made an additional obligation of the authority with such interest, security and priority as may be provided in any trust indenture, mortgage, lease or contract of the authority with reference thereto.

(19) To covenant and prescribe as to the events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.

(20) To covenant as to the rights, liabilities, powers and duties arising upon the breach by it of any covenant, condition, or obligation.

(21) To covenant to surrender possession of all or any part of any housing project or projects upon the happening of any event of default (as defined in the contract) and to vest in an obligee the right without judicial proceedings to take possession and to use, operate, manage, and control such housing projects or any part thereof, and to collect and receive all rents, fees and revenues arising therefrom in the same manner as the authority itself might do and to dispose of the moneys collected in accordance with the agreement of the authority with such obligee.

(22) To vest in a trustee or trustees the right to enforce any covenant made to secure, to pay, or in relation to the bonds, to provide for the powers and duties of such trustee or trustees, to limit liabilities thereof and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any proportion of them may enforce any such covenant.

(23) To make covenants other than and in addition to the covenants herein expressly authorized, of like or different character.

(24) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants or duties, which may contain such covenants and provisions, in addition to those above specified as the government or any purchaser of the bonds of the authority may reasonably require.

(25) To make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or in the absolute discretion of the authority tend to make the bonds more marketable; notwithstanding that such covenants, acts or things may not be enumerated herein; it being the intention hereof to give the authority power to do all things in the issuance of bonds, in the provisions for their security that are not inconsistent with the constitution of the state and no consent or approval of any judge or court shall be required thereof; provided, however, that the authority shall have no power to mortgage all or any part of its property, real or personal, except as provided in section 16 hereof [section 917]. (Priv. Acts 1935, ch. 615, § 15)

Sec. 917. Power to mortgage premises; rights of trustees and obligees.

In connection with any project financed in whole or in part or otherwise aided by a government (whether through a donation of money or property, a loan, the insurance or guarantee of a loan, or otherwise), the authority shall also have power to mortgage all or any part of its property, real or personal, then owned or thereafter acquired, and hereby:

(a) To vest in a government the right, upon the happening of an event of default (as defined in such mortgage), to foreclose such mortgage through judicial proceedings or through the exercise of a power of sale without judicial proceedings, so long as a government shall be the holder of any of the bonds secured by such mortgage.

(b) To vest in a trustee or trustees, the right upon the happening of an event of default (as defined in such mortgage), to foreclose such mortgage through judicial proceedings or through the exercise of a power of sale without judicial proceedings.

(c) To vest in other obligees the right to foreclose such mortgage by judicial proceedings.

(d) To vest in obligee, including a government, the right of foreclosing any mortgage as aforesaid, to foreclose such mortgage as to all or such part or parts of the property covered thereby as such obligee (in its absolute discretion) shall elect; the institution, prosecution and conclusion of any such foreclosure proceedings and/or the sale of any such parts of the mortgaged property shall not affect in any manner or to any extent the lien of the mortgage on the parts of the mortgaged property not included in such proceedings or not sold as aforesaid. (Priv. Acts 1935, ch. 615, § 16)

Sec. 918. Additional rights of obligee.

An obligee of the authority shall have the right in addition to all other rights which may be conferred on such obligee subject only to any contractual restrictions binding upon such obligee:

(a) By mandamus, suit, action or proceeding in law or equity (all of which may be joined in one action) to compel the authority, and the commissioners, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any contract of the authority, and to require the carrying out of any or all covenants and agreements of the authority and the fulfillment of all duties imposed upon the authority of [by] this Act.

(b) By suit, action or proceeding in equity to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of the authority.

(c) By suit, action or proceeding in any court of competent jurisdiction to cause possession of any housing project or any part thereof to be surrendered to any obligee having the right to such possession pursuant to any contract of the authority. (Priv. Acts 1935, ch. 615, § 17)

Sec. 919. Power of authority to confer upon obligee additional rights.

The authority shall have power by its trust, indenture, mortgage, lease or other contract to confer upon any obligee holding or representing a specified amount in bonds, lease or other obligations, the right upon the happening of an "event of default" as defined in such instrument:

(a) By suit, action or proceeding in any court of competent jurisdiction to obtain the appointment of a receiver of any housing project of the authority or any part or parts thereof. If such receiver be appointed, he may enter and take possession of such housing project or any part or parts thereof and operate and maintain same, and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom in the same manner as the authority itself might

do and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of the authority as the court shall direct.

(b) By suit, action or proceeding in any court of competent jurisdiction to require the authority and the commissioners thereof to account as if it and they were the trustees of an express trust. (Priv. Acts 1935, ch. 615, § 18)

Sec. 920. Rights and remedies of obligees declared cumulative.

All the rights and remedies hereinabove conferred shall be cumulative and in addition to all other rights and remedies that may be conferred upon such obligee of the authority by law or by any contract with the authority. (Priv. Acts 1935, ch. 615, § 19)

Sec. 921. Property of authority exempt from execution and foreclosure; exception.

No interest of the authority in any property, real or personal, shall be subject in [to] sale by the foreclosure of a mortgage thereon, either through judicial proceedings or the exercise of a power of sale contained in such mortgage, except in the case of the mortgages provided for in section 16 hereof [section 917]. All property of the authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall be a charge or lien upon its property, real or personal. The provisions of this section shall not apply to or limit the right of obligees to foreclose any mortgage of the authority provided for in section 16 hereof [section 917] and, in case of a foreclosure sale thereunder, to obtain a judgment or decree for any deficiency due on the indebtedness secured thereby and issued on the credit of the authority. Such deficiency judgment or decree shall be a lien and charge upon the property of the authority which may be levied on and sold by virtue of an execution or other judicial process for the purpose of satisfying such deficiency judgment or decree. (Priv. Acts 1935, ch. 615, § 20)

Sec. 922. Mortgage of property may be subordinate to supervision contract of government.

The authority may agree in any mortgage made by it that such mortgage shall be subordinate to a contract for the supervision by a government of the operation and maintenance of the mortgaged property and the construction of improvements thereon; in such event, any purchaser or purchasers at a sale of the property of an authority pursuant to a foreclosure of such mortgage or any other remedy in connection therewith shall obtain title subject to such contract. (Priv. Acts 1935, ch. 615, § 21)

Sec. 923. Power of authority to borrow money and take land from Federal Government; supervision of Federal Government.

In addition to the powers conferred upon the authority by other provisions of this Act, the authority is empowered to borrow money or accept grants from the Federal Government for or in aid of any housing project which such authority is authorized to undertake, to take over any land acquired by the Federal Government for the construction or operation of a housing project, to take over or lease or manage any housing project, constructed or owned by the Federal Government, and to these ends, to enter into such contracts, mortgages, trust indentures, leases or other agreements as the Federal Government may require, including agreements that the Federal Government shall have the right to supervise and approve the construction, maintenance and operation of such housing project. It is the purpose and intent of this Act to authorize every authority to do any and all things necessary to secure the financial aid and the cooperation of the Federal Government in the undertaking, construction, maintenance and operation of any housing project which the authority is empowered to undertake. (Priv. Acts 1935, ch. 615, § 22)

Sec. 924. Annual report to mayor.

The authority shall at least once a year file with the mayor of the city a report of its activities for the preceding year, and shall make any recommendations with reference to any additional legislation or other action that may be necessary in order to carry out the purposes of this Act. (Priv. Acts 1935, ch. 615, § 26)

Sec. 925. Operation not for profit.

It is declared to be the policy of this state that the housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that the housing authority shall

not construct or operate any such project for profit, or as a source of revenue to the city. To this end the authority shall fix the rentals for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (a) to pay, as the same becomes due, the principal and interest on the bonds of the authority; (b) to meet the cost of, and to provide for, maintain and operating the projects (including the cost of any insurance on its property or bonds) and the administrative expenses of the authority; and (c) to create (during not less than the six years immediately succeeding its issuance of any bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. (Priv. Acts 1937, ch. 900, § 5)

Sec. 926. Rentals and tenant selection.

In the operation or management of housing projects, the authority shall at all times observe the following duties with respect to rentals and tenant selections: (a) It may rent or lease the dwelling accommodations therein only to persons of low income. (b) It may rent or lease dwelling accommodations therein only at rentals within the financial reach of such persons of low income. (c) It may rent or lease to a tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding. (d) It shall not accept any person as a tenant in any housing project if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to the occupants, of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental.

Nothing contained in the Memphis Housing Authority Law, as hereby amended, shall be construed as limiting the power of the Authority: (a) To vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restrictions imposed by said law, as amended, with respect to rentals, tenant selection, manner of operation, or otherwise; or (b) pursuant to section 16 [section 917], to vest in obligees the right, in the event of a default by the authority, to acquire title to a housing project or the property mortgaged by the housing authority, free from all the restrictions imposed by said law, as amended, except those imposed by sections 16 and 21 [sections 917 to 922]. (Priv. Acts 1937, ch. 900, § 5; Priv. Acts 1939, ch. 235, § 3)

Sec. 927. Ratification of acts under former provisions.

The creation, establishment and organization of housing authorities under the provisions of the Housing Authorities Law, Chapter 20 of the Public Acts of Tennessee, First Special Session 1935, as amended by Chapter 234 of the Public Acts of 1937, and under the provisions of the Memphis Housing Authority Law, Chapter 615 of the Private Acts of Tennessee 1935, as amended by Chapter 900 of the Private Acts of Tennessee 1937, together with all proceedings, acts and things heretofore undertaken, performed or done with reference thereto, are hereby validated, ratified, confirmed, approved and declared legal in all respects, notwithstanding any defect or irregularity therein or any want of statutory authority.

All contracts, agreements, obligations and undertakings of such housing authorities heretofore entered into relating to financing or aiding in the development, construction, maintenance or operation of any housing project or projects or to obtaining aid therefor from the United States Housing Authority, including (without limiting the generality of the foregoing) loan and annual contributions, contracts and leases with the United States Housing Authority, agreements with municipalities or other public bodies (including those which are pledged or authorized to be pledged for the protection of the holders of any notes or bonds issued by such housing authorities or which are otherwise made a part of the contract with such holders or notes or bonds) relating to cooperation and contributions in aid of housing projects, payments (if any) in lieu of taxes, furnishing of municipal services and facilities, and the elimination of unsafe and insanitary dwellings, and contracts for the construction of housing projects, together with all proceedings, acts and things heretofore undertaken, performed or done with reference thereto, are hereby validated, ratified, confirmed,

approved and declared legal in all respects, notwithstanding any defect or irregularity therein or any want of statutory authority.

All proceedings, acts and things heretofore undertaken, performed or done in or for the authorization, issuance, execution and delivery of notes and bonds by housing authorities for the purposes of financing or aiding in the development or construction of a housing project or projects, and all notes and bonds heretofore issued by housing authorities are hereby validated, ratified, confirmed, approved and declared legal in all respects, notwithstanding any defect or irregularity therein or any want of statutory authority. (Priv. Acts 1939, ch. 531, § 1—3)

Sec. 927.1. Urban renewal projects.*

(a) In addition to its authority under any other section of this Act, an [the] authority is hereby authorized to plan and undertake urban renewal projects. As used in this Act, an urban renewal project may include undertakings and activities for the elimination (and for the prevention of the development or spread) of slums or blighted, deteriorated, or deteriorating areas and may involve any work or undertaking for such purpose constituting a redevelopment project or any rehabilitation or conservation work, or any combination of such undertaking or work. For this purpose, “rehabilitation or conservation work” may include (1) carrying out plans for a program of voluntary or compulsory repair and rehabilitation of buildings or other improvements; (2) acquisition of real property and demolition, removal, or rehabilitation of buildings and improvements thereon where necessary to eliminate unhealthful, insanitary or unsafe conditions, lessen density, reduce traffic hazards, eliminate obsolete or other uses detrimental to the public welfare, or to otherwise remove or prevent the spread of blight or deterioration, or to provide land for needed public facilities; (3) installation, construction, or reconstruction of streets, utilities, parks, playgrounds and other improvements necessary for carrying out the objectives of the urban renewal project; and (4) the disposition, for uses in accordance with the objectives of the urban renewal project, of any property or part thereof acquired in the area of such project; provided that such disposition shall be in the manner prescribed in this Act for the disposition of property in a redevelopment project area.

(b) Any urban renewal project undertaken pursuant to the preceding section [subsection] shall be undertaken in accordance with an urban renewal plan for the area of the project. As used in this Act, an “urban renewal plan” means a plan, as it exists from time to time, for an urban renewal project, which plan (1) shall conform to the general plan for the City of Memphis as a whole; and (2) shall be sufficiently complete to indicate such land acquisition, demolition and removal of structures, redevelopment, improvements, and rehabilitation as may be proposed to be carried out in the area of the urban renewal project, zoning and planning changes, if any, land uses, maximum densities, building requirements, and the plan’s relationship to definite local objectives respecting appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements. An urban renewal plan shall be prepared and approved pursuant to the same procedure as provided in this Act with respect to a redevelopment plan.

(c) An [the] authority shall have all the powers necessary or convenient to undertake and carry out urban renewal plans and urban renewal projects, including the authority to acquire and dispose of property, to issue bonds and other obligations, to borrow and accept grants from the Federal Government or other source and to exercise the other powers which this Act confers on an [the] authority with respect to redevelopment projects. In connection with the planning and undertaking of any urban renewal plan or urban renewal project, the authority, the municipality, and all public and private officers, agencies, and bodies shall have all the rights, powers, privileges, and immunities which they have with respect to a redevelopment plan or redevelopment project, in the same manner as though all of the provisions of this Act applicable to a redevelopment plan or redevelopment project were applicable to an urban renewal plan or urban renewal project; provided that for such purpose the word “redevelopment” as used in this Act (except in this section and in the definition of “redevelopment project” in section 3) shall mean “urban renewal”, the word “slum” and the word “blighted” as used in this Act (except in this section and in the definitions in section 4) shall mean “blighted, deteriorated, or deteriorating”; and provided further that this subsection shall not change the corporate name of the authority or the short title of this Act or amend any section of this Act. In addition to the surveys and plans which an [the] authority is otherwise authorized to make an [the] authority is hereby specifically authorized to make (i) plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements, and (ii) plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements.

The authority is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of slums and urban blight.

(d) The Council of the City of Memphis is hereby authorized (without limiting any provision in the preceding section [subsection]) to do any and all things necessary to aid and cooperate in the planning and undertaking of an urban renewal project in the said city, including the furnishing of such financial and other assistance as the said city is authorized by this Act to furnish for or in connection with a redevelopment plan or redevelopment project. The City of Memphis is hereby authorized to enter into agreements with any other public body or bodies respecting action to be taken pursuant to any of the powers granted by this Act, including the furnishing of funds or other assistance in connection with an urban renewal plan or urban renewal project.

(e) The Council of the City of Memphis is hereby authorized to prepare a workable program (which may include an official plan of action, as it exists from time to time for effectively dealing with the problem of urban slums and blighted, deteriorated, or deteriorating areas within the community and for the establishment and preservation of a well-planned community with well organized residential neighborhoods of decent homes and suitable living environment for adequate family life) for utilizing appropriate private and public resources to eliminate and prevent the development or spread of slums and urban blight and deterioration, to encourage needed urban rehabilitation, to provide for the redevelopment of blighted, deteriorated, or slum areas, or to undertake such of the aforesaid activities or other feasible activities as may be suitably employed to achieve the objectives of such a program. (Priv. Acts 1955, ch. 141, §§ 2—6)

***Editor's note**—Priv. Acts 1955, ch. 141, from which this section was derived, was enacted as an amendment and addition to Priv. Acts 1935, ch. 615, the Memphis Housing Authority Law set out in this Article. This section makes frequent reference to a “redevelopment project” and “redevelopment plan” as defined or provided for “in this Act,” but such terms are not used or defined in either of these acts, or general law as to “redevelopment projects,” see T.C.A. § 13-814 et seq.

Sec. 927.2. Unfit dwellings.

(a) Whenever the municipality finds that there exist in such municipality dwellings which are unfit for human habitation due to dilapidation, defects increasing the hazards of fire, accidents or other calamities, lack of ventilation, light or sanitary facilities, or due to other conditions, including those set forth in subsection (c) hereof, rendering such dwellings unsafe or insanitary, or dangerous or detrimental to the health, safety or morale, or otherwise inimical to the welfare of the residents of such municipality, power is hereby conferred upon such municipality to require or cause the repair, closing or demolition or removal of such dwellings in the manner herein provided. A “dwelling” shall mean any building or structure, or part thereof, used and occupied for human habitation or intended to be so used, and includes any appurtenances belonging thereto or usually enjoyed therewith.

(b) Upon the adoption of an ordinance finding that dwelling conditions of the character described in subsection (a) hereof exist within a municipality, the council is hereby authorized to adopt ordinances relating to the dwellings within such municipality which are unfit for human habitation. Such ordinances shall include the following provisions:

(1) That a public officer be designated or appointed to exercise the powers prescribed by the ordinances.
